

Bridge Road Seen Boon to Kingston Area County to Erect Fence at Quarry Site

Says Move Under Way Some Time Green Suggests Another Location

An appropriation of \$7,000 to fence a dangerous section at the county quarry back of the Municipal Stadium, appointment of John Tyler of Rosendale as director of the Ulster County Veterans Service Agency, adoption of a resolution permitting the deposit of county funds not required for immediate expenditures in an interest bearing account, were among the matters disposed of at the Thursday evening meeting of the board of supervisors.

Getting off to a late start, the board speedily disposed of its business and then adjourned out of respect to the memory of Howard C. Shurtler who served as director of the Ulster County Veterans Service Agency from 1947 until his death last Sunday.

RICHARD K. HINKLEY, JR.

Richard K. Hinkley, Jr., of 17 Adams Street attended his first session following his appointment by Mayor Edwin F. Radel to fill a vacancy created when former Supervisor Francis G. Clarke (D) moved from the 8th ward.

Called Superfluous

A resolution offered by Supervisor George Majestic (D) of Gardiner in which he sought to extol the action of Governor Rockefeller for signing into law the "no talk no contract" bill, met defeat by a party vote of 18 to 15 after Majority Leader Jesse McHugh had called the resolution "superfluous," and Supervisor A. Richard Terwilliger (R), Rochester, said the bill had been Republican sponsored, voted for by a large Republican vote and only a few Democrats had supported the measure which had been supported by both Senator E. Ogden Bush and Assemblyman Kenneth L. Wilson.

Majority Leader McHugh said the chairman of the board had sent a memorandum letter to all County Departments and the County Purchasing Agent notifying them of the new law which became effective on July 1, and he was of the opinion that the Majestic resolution was superfluous.

Aims of Resolution

Supervisor James Martin (R), 12th Ward, praised the action of Governor Rockefeller, referred to the governor as "our next president" and voted against the resolution as being unnecessary. (Continued on Page 6, Col. 5)

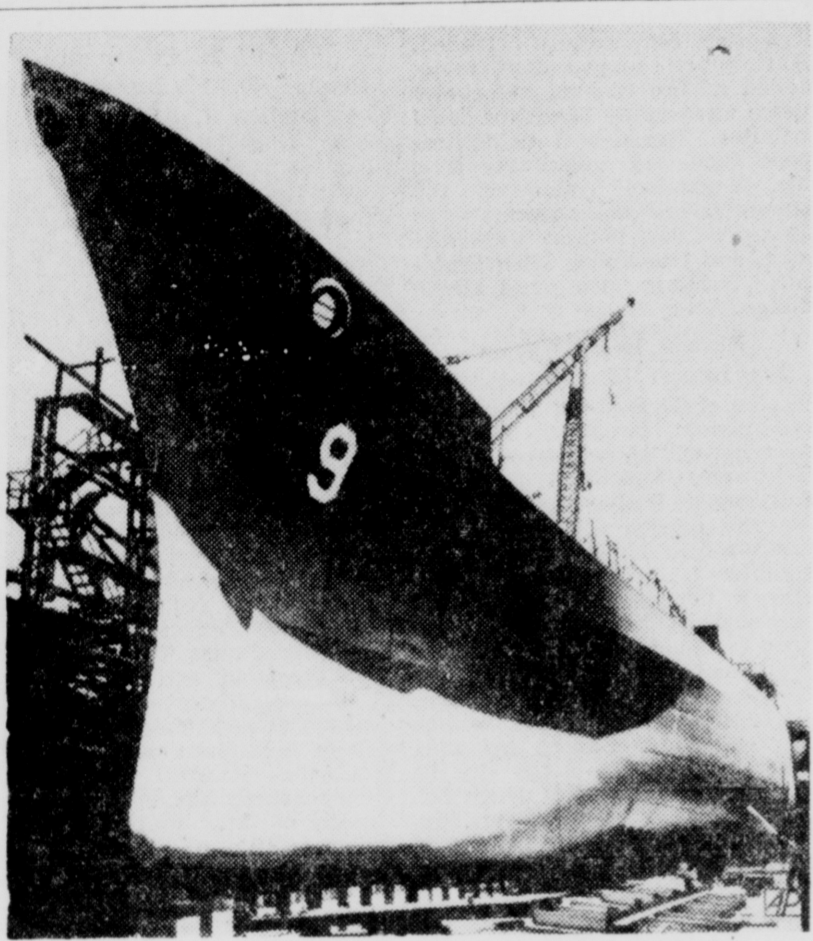

U. S. May Still Boost Gas Tax for Super Road Funds

WASHINGTON (AP) — A possible gasoline tax increase was one of several ways studied today to keep work going on the national superhighway network in the years ahead.

An increase somewhat less than the 1 1/2 cents a gallon President Eisenhower proposed still was an important part of several compromise plans ready for consideration by the House Ways and Means Committee.

In advance of today's session, Chairman Wilbur D. Mills (D-Ark) indicated no specific solution was imminent, although a number of alternatives were known to be under study.

Eisenhower proposed last January an increase to 4 1/2 cents a gallon to avoid a threatened deficit in the special highway trust

Church Services Start Esopus Festival Week

Town of Esopus Festival Week July 12 to 18 begins with special church services Sunday in a number of churches in the township.

The two principal services will be held at Ulster Park Reformed Church 10:30 a. m., and on the grounds of the Church of the

Presentation, Port Ewen at 3:30 p. m. Other township churches will make special reference to the Hudson-Champlain celebration during their regular services.

State Union Service

The service to be held at Ulster Park Reformed Church will be a union service of all the Reformed Churches in the township. Ulster Park Church, the oldest church in the Town of Esopus, was founded in 1791. The Port Ewen and St. Remy Reformed Churches, and Union Central Community Church are offshoots of the Ulster Park Church. On Sunday these three churches are returning to the "Mother Church" for a union service in celebration of the Hudson-Champlain fete.

Special guest speaker for the occasion will be Dr. Gerard R. Gnade, secretary of the Board of Pensions of the Reformed Church. Dr. Gnade is from New York City. He will be assisted during the service by the Rev. Harry E. Christiansa, the regular pastor of the church.

The service to be held on the grounds of the Church of the Presentation at Port Ewen will be in the form of a solemn benediction and special service at the shrine "Our Lady of the Hudson."

Two Not Affected

The AFL-CIO hospital organizing committee set the strike date Thursday. It is demanding union recognition and collective bargaining.

The committee claims 1,700 supporters among the 4,000 non-profit employees. The only general hospitals that would not be affected are Meyer Memorial and Veterans, both government operated.

The union committee and hospital representatives were scheduled to start meeting today with mediators. Mayor Frank A. Sedita has asked Dr. Joseph Shister, industrial relations specialist at the University of Buffalo, to try to compromise the dispute.

James L. Kane, chairman of the union committee and president of the Buffalo AFL-CIO Council, said the union wants to improve work. (Continued on Page 2, Col. 5)

Call Black Not Able For Trial Order Will Send Him to Matteawan

Charles J. Black, 59, of 69 Morton Street, New York City, has been found mentally incompetent to defend himself against the second degree murder charge arising out of the shooting of Miss Mildred Steger a week ago. He will be taken to Matteawan State Hospital for the Criminal Insane, there to be held under treatment. Should Black be later adjudged competent to stand trial, he will be brought back to Ulster County to face the charge.

Black, formerly a resident of Kingston, was known as Charles Brayton while he resided here.

Acts 'Strangely'

Since Black has been held in custody awaiting grand jury action following the shotgun death of Miss Steger at her Cottage Row apartment a week ago, he has been acting "strangely," his counsel, S. James Matthews, told a reporter.

Because of his strange actions Black was taken to the Middle-town State Hospital for psychiatric examination. There after being examined by competent doctors, it was held that he was presently mentally incompetent to stand trial and properly defend himself. The examination was requested by his counsel. The examination at Middletown was made under order of County Judge Louis G. Bruhn.

Cuts Wrist Slightly

Since his confinement to jail, Black has threatened to take his life and it was learned today from Black's attorney that Black on Thursday had cut his wrist sufficiently to draw blood.

The wound, according to Attorney Matthews, was slight and ap. (Continued on Page 2, Col. 1)

Fears Road Toll May Eclipse 1958 Total by 2,800

CHICAGO (AP) — The National Safety Council says it is alarmed at what it called the nation's soaring traffic death toll. Unless the number of deaths are reduced sharply, the council says, there will be 39,800 traffic deaths this year. That is 2,800 more than in 1958.

5 PC Higher Now

Howard Pyle, president of the council, told a news conference Thursday that traffic deaths in the first five months are 5 per cent higher than in the same period last year.

"We are alarmed," he said, "if the public could also be alarmed and inspire adequate protective measure, lives could be saved."

The council suggested inauguration of these safety measures at once:

Measures Suggested

Step-up law enforcement in areas where it is low; inspect high accident locations to remove physical hazards; analyze court penalties to see if they are deterring violations; suspend drivers' licenses of accident prone and violation repeaters; more rigid enforcement of drunk driving laws, and step up public education for safe driving and safe walking.

Allies May Give Reds Fall Summit, 'Freeze' Dispute

GENEVA (AP) — The Western Allies are reported working up a new proposal to put the Berlin dispute on ice for several years and give the Soviet Union a summit conference in the fall.

The foreign ministers of the United States, Britain and France are expected to put the proposal to Soviet Foreign Minister Andrei Gromyko soon after the Big Four conference resumes here Monday.

Only One Change

As outlined here, the plan contains only one change in previous Western proposals. East and West Germany would be given equal representation on a subcommittee to take preliminary steps toward reunification of Germany.

Previously the West proposed a subcommittee of 25 West Germans and 10 from the Communist East, because West Germany's population is more than three times that of the East.

In return for this concession, Western officials think the Soviets might agree to freeze the situation in Central Europe, including Berlin. But they are considerably less than optimistic.

Depends on Khrush

"It all depends on whether Premier Khrushchev wants any kind of settlement at all," said a highly placed Western official.

In addition to the freeze on the Berlin situation, the other key point in the plan is appointment of a Big Four commission to work on plans for reunification of Germany, the end of the Berlin occupation and a mutual security system in Central Europe.

The foreign ministers would set no deadline for the commission and the subcommittee to complete their work. That would be left for the heads of government at the summit conference.

At the end of the agreed period, another foreign ministers' meeting would be held to study the reports of the commission and the subcommittee.

Right Answers May Help Chance Seen to Lessen Berlin Crisis Threat

WASHINGTON (AP) — U.S. officials saw a glimmer of hope today that renewed Geneva talks will at last start removing the Berlin crisis as an explosive threat to world peace.

Christian A. Herter pointed to "some possibility" of reaching agreement with the Soviets Thursday in his first formal news conference as Secretary of State.

Herter said he has never been optimistic about successful negotiations with the Reds. But he pointed to a couple of unanswered questions in recent Soviet statements on the German question.

If the Soviets come up with the right answers when the foreign ministers resume their conference Monday, he indicated, then there will be progress instead of the deadlock that featured the first six weeks of the parley.

Lists Questions

He said the questions are: 1. Whether Moscow is insisting that in case of a temporary agreement on West Berlin, the Allies forfeit their rights to the Communist-encircled city when the agreement lapses;

2. Whether Moscow is demanding a time limit on such an agreement.

Britain, France and the United States have denounced Soviet talk of deadlines as ultimatums or threats under which they could not negotiate. And they say West Berlin must remain free. The Com-

munists are calling for an end to the Allies' postwar occupation of the city.

Herter flies to Geneva Saturday for the conference reopening after a three week recess. He told newsmen jokingly his feeling about returning to the parley "might be (Continued on Page 2, Col. 5)

Hoffa Would Have All Haulers Under One Pact by 1961

SAN FRANCISCO (AP)—Teamsters under President James R. Hoffa plan a meeting in Chicago next summer to work on a single nationwide agreement that would cover thousands of long distance truck drivers throughout the United States in 1961.

Three Contracts Now

Long distance hauling is presently covered by three major teamster contracts which divide the giant union into three geographical areas. One covers the eastern states, another the central and southern states and the third almost all of the western states.

Hoffa outlined his plans here before a western conference of Teamsters General Hauling Caucus Thursday before he flew to Washington for a date today with the Senate rackets probers.

Under present contracts, Hoffa said, Teamsters union members with valid contracts may be required to drive trucks into areas where other union members are on strike.

With a single master agreement in effect for the entire nation, Hoffa said, no union member would have to cross another's picket line.

Would Cover 48 States

Hoffa explained that all contracts covering long distance hauling in the continental 48 states (Continued on Page 6, Col. 5)

1st Polio Case Reported, Salk Clinics Are Listed

The first case of polio in the county this year was reported today by the Ulster County Health Department.

According to Dr. Dudley W. Hargrave, county health commissioner, the patient is a 17-year-old girl residing in the Town of Saugerties. He pointed out that the case was extremely mild and non-paralytic. The patient is currently under care in a local hospital and is expected to return to her home shortly, Dr. Hargrave said.

Received Two Shots

"This youngster received only two of the required three Salk vaccine shots," Dr. Hargrave said. "Nevertheless, it is quite possible that the two injections

Big Growth Predicted By Whalen Completes Vision Of Early Planners

Opening Thursday of the 1.3 mile stretch of highway connecting Route 9W with the Kingston-Rhinecliff Bridge should "enhance the Kingston area's position as the business, financial and shopping center of Ulster, Northern Dutchess and Southern Columbia County," Richard J. Whalen, general manager of the local IBM plant, said in an address during brief ribbon-cutting ceremonies yesterday afternoon.

The ribbon was cut in the presence of a small group of state and local dignitaries by pretty Miss Nancy Heppner, daughter of Mr. and Mrs. Ernest M. Heppner of Kingston. Heppner, vice-chairman of the New York State Bridge Authority, presided at the ceremonies.

Connects 9W and R. 32

The new strip of road connects Route 9W with Route 32 a short distance from the western entrance to the bridge. It enters Route 9W near the Kingston IBM plant.

John S. Stillman, chairman of the State Bridge Authority, also spoke briefly, pointing out that opening of the access road "completed the vision" of his able predecessors on the authority. He said the bridge was not built for the Kingston IBM plant but "for other ways around," explaining that the Kingston-Rhinecliff Bridge and the access road were simply one of the factors militating to bring IBM here.

600 IBMers Use Road

Whalen said yesterday in response to a query that some 600 employees of IBM residing in Dutchess and Columbia Counties now use the Kingston-Rhinecliff bridge and would be grateful for the new access road which feeds into 9W close to the plant.

Among dignitaries at the ceremonies, besides Stillman and Heppner, were Robert Hoe of Poughkeepsie, a member of the authority; William Haas of Cossackie, another member; Robert Livingston of Germantown, Columbia County, a former member; Harry Cohen of Newburgh, a former member; Edward Burns, administrator of the authority; Hubert Cosgrove, in charge of the operation of the Kingston-Rhinecliff bridge; Mayor Edwin F. Radel of Kingston; Supervisor Alexander Banyo of the Town of Ulster; Albert C. Kurdt, manager of the Kingston Area Chamber of Commerce; Dale Swartzmiller, regional director of the State Department of Commerce; William Friend of New York City, financial adviser of the authority, an associate of the firm of R. W. Pressprich; James Mirabelli, vice-president of the Grandview Construction Co., contractor for the access road; William McAlliff, state engineer for the project, and John Meara, Ulster County resident engineer, and John Herlihy, representing the Kingston Junior Chamber of Commerce.

Second Ribbon for Her

In introducing Miss Heppner, 16, Stillman said he felt it was "entirely appropriate that this 'lovely young lady' should cut the ribbon completing the Kingston-Rhinecliff bridge and its approach road, since she had also cut the ribbon when the bridge itself was opened to traffic in February, 1957."

The ceremonies were conducted (Continued on Page 2, Col. 4)

No Change Seen In Steel Talks

NEW YORK (AP)—The chief steel industry negotiator said today he had detected no change for the better in negotiations aimed at averting a nationwide steel strike next Tuesday midnight.

"I don't feel any change in my pulse beat one way or the other," was the way R. Conrad Cooper put it when asked by newsmen what the prospects were. Cooper is executive vice president of U.S. Steel Corp. and the leader of the industry's fight against higher pay demands.

Cooper and the industry's bargaining team resumed direct talks this morning with a similar four-man steelworkers union team headed by union President David J. McDonald.

Cooper declined to say whether the industry plans to start banking furnaces and tapering off production this weekend in preparation for a strike. But neither side expressed any settlement hopes.

Direct bargaining was recessed most of Thursday to let both sides huddle separately to reassess their positions.

Jury Is Discharged

WASHINGTON (AP)—The jury in the Richard A. Mack-Thurman A. Whiteside conspiracy case was discharged today after deliberating for more than 30 hours without reaching a verdict.

U.S. District Judge Burnita S. Matthews discharged the jury from further deliberations after receiving a note from the foreman, Robert A. Burner, in which he said the jury stood 11-1.

Burner did not say whether the majority favored conviction or acquittal.

Mack, former member of the Federal Communications Commission, and Whiteside, a Miami lawyer, were accused of conspiring to rig award of Miami TV Channel 10 to Public Service Television, Inc.

Pittsburgh Next Stop for Frol

CHICAGO (AP)—The barnstorming first deputy premier of the Soviet Union heads for Pittsburgh today and another look at American industry after a stop here occupied mostly by talk about corn and commerce.

In a last minute change of plans, Frol R. Kozlov, decided he wanted to see the current international trade fair here today. Expansion of trade contacts between the United States and the U.S.S.R. has been one of the main themes of his coast-to-coast tour. The original schedule for his two and a half day stay in Chicago had called for a visit to the International Harvester tractor plant in Chicago.

The party planned to arrive in their chartered DC7B plane at Pittsburgh, about 1 p.m. to be greeted by Frederic Weir, president of the City Council and representative of the University of Pittsburgh.

On the Pittsburgh schedule are a visit to the Homestead works of United States Steel, a dinner to be given by industrial leaders and a Saturday night visit to the nuclear power plant at Shippingport, Pa.

The rest of the original schedule for the Pittsburgh area has been canceled, to permit the chartered plane to take off Saturday night for New York. Kozlov plans to leave early Monday for Moscow in a Soviet jet transport.

U. S. Must Set Pace

In Missiles: Von Braun

HONOLULU (AP)—Wernher von Braun, Army missile expert, says the United States "can fall into a dangerous trap" in the missile race with Russia "if we persist in looking back to see how fast the other fellow is running."

"It behooves us to run just as fast as we can and let him worry about keeping pace," von Braun told a meeting Thursday night of the Assn. of the United States Army, an officer organization.

BLIND SEAL SALE ANNOUNCED—This is the seal which will be sold in the annual campaign to raise funds for the blind beginning Monday, July 13. The sale is sponsored locally by the Kingston Lions Club.

6. Gave Christmas presents to the blind. Gifts included radios, luggage, groceries, electric shaver, clothing, phonograph records and a set of encyclopedias.

7. Presented a talking book subscription of newweek magazine to the Kingston Library.

8. Repaired three radios.

9. Provided a pair of plastic eyes.

"We who can see can help those who are less fortunate," Briggs emphasized. The Kingston Lions Club acknowledges the support the public has given them in the past and urges them to use the seals to help spread the thought of sight conservation and blind aid.

Edward G. DeTemple, chairman of the club's sight conservation and blind committee urges everyone to support the program and "be thankful you can see." Other members of the committee which handles the blind seal sale are David S. Gerberg, Donald F. Decker, Foster J. Meitroff, Gerald W. Sumner and Warren F. Smith.

A final round of advice on how to deal with the Soviets was due today with the arrival in Washington of W. Averell Harriman, one-time Democratic presidential aspirant and a former ambassador to Moscow who recently toured the Soviet Union.

Harriman has already cabled the State Department that Soviet Premier Nikita Khrushchev talked tough to him in Moscow. He planned to report in person to Vice President Richard M. Nixon, Herter and the Senate Foreign Relations committee during the day.

Probe Burglaries At Gas Stations

Two gasoline stations lying north of the city were reported burglarized during the night—A Sunoco station at Malden Four Corners on Route 9W and the Sunset Shell Service Station on Albany Avenue Extension.

Trooper Charles Teelon, BCI, of the Kingston state police, is investigating.

Entrance to the Malden station was gained by breaking a hole in a screen door in the rear, smashing a pane of glass in a door and unlocking the door.

A portable typewriter, a couple of cartons of cigarettes and some cigars were reported taken.

A rear window was broken at the Shell station and the window unlocked.

A loss of \$15 in cash, taken from a drawer in the office, was reported.

Historic River Crossing Ewent Is Commemorated

The Episcopal parishes of Ascension Church, West Park, and St. James' Church, Hyde Park united on Sunday June 28, to commemorate the founding of the Church of Ascension by the Rev. Dr. Reuben Sherwood, then rector of St. James' Church.

The event was also part of the 350th anniversary of the historic voyage of Henry Hudson into the waters bearing his name.

After a Miss of Thanksgiving conducted at Ascension Church at 9 a. m., a commemorative river crossing was made by parishioners of Ascension Church in boats provided by the Rogers Point Boat Club, Hyde Park. The morning prayer and sermon at St. James' Church at 11 a. m. were by the Rev. Gordon L. Kidd. The Rev. Herald C. Swezy was celebrant at the Mass of Thanksgiving at the West Park Church.

Luncheon was served at 12:30 p. m. in the St. James' Church parish house, after which invocation was given by the Rev. Joseph A. Hayworth, of St. James' Church. Mrs. William H. Van Benschoten of Ascension Church extended greetings and introductions.

Dr. James Grote Vanderpool, acting dean of the School of Architecture, Columbia University, delivered the address on the subject, "An Historic Church and Its Preservation." The program concluded with benediction.

The Ascension Episcopal Church at West Park was founded in 1842. St. James' Church was already established, having been founded in 1811. Its ministry reached not only those living in the immediate vicinity, but also many who lived on the west bank of the Hudson.

Showing great spirit, hardy churchmen would cross the river to attend services at St. James. According to history, one of the boats carrying worshippers capsized, drowning at least one of the occupants. This unfortunate accident hastened the Rev. Dr. Sherwood to establish a church on the west side of the river.

Vestry Organized

Dr. Sherwood called a meeting, organized a Vestry and secured a certificate of incorporation, dated April 4, 1842. He then served as missionary priest, crossing the river weekly until the newly organized parish called the Rev. Albert D. Traveller to be its first rector in November, 1842.

Committees in charge of the event were:

Executive: Mrs. William H. van Benschoten, West Park; the Rev. Joseph R. Hayworth, and Mrs. Harold M. Clay, Hyde Park; and Reuben Gullian, Ulster Park. Research: H. Madison Cameron, West Park; George Sweet, Hyde Park; Richard van Benschoten, West Park. Guest: the Rev. Gordon L. Kidd and Robert Atkinson, Hyde Park, and the Rev. Herald C. Swezy, West Park. Publicity: Louis Fells, Hyde Park; Reuben Gullian, Ulster Park; Transportation: George Kidd, Hyde Park; Milton Tsitsira, Ulster Park.

Also, luncheon committee: Mrs. Harold M. Clay and Mrs. Roscoe C. Hatch, Hyde Park, and Mrs. William H. van Benschoten. Costumes: Mrs. James E. Johnson, Miss Hilda Smith and Mrs. John Chamberlain, West Park, and Mrs. Hatch. Tickets: Mrs. H. Madison Cameron, West Park, and the Rev. Gordon L. Kidd.

One of two aluminum mast arms for the traffic signal system at the busy central Broadway intersection is now installed and delivery of the second is expected within a week, he said. They will eliminate the weaker suspension of signals on cables strung from old trolley poles.

"In conclusion, I want to extend my congratulations to the members of the New York State Bridge Authority and to all other groups of planners and workers responsible for the completion of this fine job. I also want to express my thanks for being asked to personally take part on this occasion. Thank you."

Mayor Reports Progress on City Street Projects

Progress on street work due to favorable weather and improvement of the traffic signal on Broadway at Henry and O'Neil Streets, were reported today by Mayor Edwin F. Radel.

Repair of Clinton Avenue and Murray Street was completed during the week. Other work finished is on Pearl Street, Johnston to Valentine Avenue; German Street, between Ridge and Ravine, Hanratty Street and Lisa Lane, which were resurfaced or reconstructed earlier.

Rebuilding of Emerick Street and South Clinton Avenue is under way.

One of two aluminum mast arms for the traffic signal system at the busy central Broadway intersection is now installed and delivery of the second is expected within a week, he said. They will eliminate the weaker suspension of signals on cables strung from old trolley poles.

Strike May Hit

ing conditions and start collective bargaining for the employees.

No Collective Bargaining

The hospitals have offered to set a \$1 minimum wage and a 40-hour week, with other benefits by Sept. 1, but have rejected union demands for collective bargaining.

"We have no quarrel with unionism as such," a hospital spokesman said, "but we feel that it is out of place in a voluntary (non-profit) hospital."

Kane said that in case of a strike pickets would not interfere with delivery of supplies to the hospitals.

In New York City last month, union leaders called the settlement terms a partial victory that gave them "back-door recognition."

They said the settlement provided for the processing of grievances and for a board to adjust wages, hours and working conditions.

Parents Are Asked To Check Careless Child Cyclists

"It has come to my attention that some boys and girls are riding bicycles with complete disregard for traffic laws," Acting Police Chief Robert F. Murphy said today, noting that several youngsters have been involved in accidents recently.

He requested that parents warn their children of dangers from cycling carelessly and recklessly, and suggested that proper action be taken to save them from injuries and possibly loss of life.

The chief quoted the state motor vehicle and traffic law which says: "Every person riding a bicycle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a motor vehicle."

Names of children will be taken by officers when they find them riding bicycles in reckless manner, the chief said. The officer will then contact the parents.

The matter is real serious and we request the cooperation of all parents, Murphy declared, adding that steps be taken toward proper punishment.

Blasts Thursday Thought Caused By Flying Jets

Loud blasts, apparently caused by supersonic aircraft, heard and felt in city and county areas, resulted in a wave of telephone inquiries at police headquarters and elsewhere last night.

Among inquiries and complaints, police received only two reporting damage, but they reported an extended period of successive calls, as noted on the blotter that "all of the city" appeared to be "in an uproar."

One source reported three blasts and Mrs. Michael Turck, 48 Tubby Street, and Mrs. James Amato, 188 Tremper Avenue, reported cracked ceilings in their homes.

The blasts were heard shortly after 9 p. m., and officers Meyer Levy and James Steinhaber said they had seen jet planes in the area.

WINNE—Suddenly at Eaton, Colorado, July 8, 1959, Stanley M. Winne, husband of Abigail Winne, formerly of Kingston. Committal services will be held at Wiltwyck Cemetery at 10 a. m. on Monday. Relatives and friends are invited.

Memorial

In loving memory of our dear mother and grandmother, Ruth Ann DuBois of New Salem, who passed away July 10, 1958, one year ago today.

She suffered patiently and long. Her hope was bright, her faith was strong.

The peace of Jesus filled her breast.

And in His arms she sank to rest.

Signed,

Two County Men Pay Conservation Fines

Two Ulster County men paid a total of \$27.50 in fines for conservation law violations during May, it was announced by the State Conservation Department, Albany.

They are Ugo Romanelli, South Ohioville Road, New Paltz \$10 for taking illegal trout and Robert W. Bareika of 279 Lucas Avenue, Kingston, \$17.50 for

carrying a loaded gun in car. Conservation law violations settled during May totaled 430 cases with civil penalties amounting to \$11,377.50, representing a large increase over the same period in 1958 when 356 cases were settled for \$6,761.

Fishing violations accounted for 278 cases with a recovery of \$7,039.50. Of these, 113 were for fishing without a license (\$1,942.50) and 72 violations by smelt fishermen netted (\$1,907). Loaded guns in cars cause trouble even in the spring—there were 43 cases with fines totaling \$873.

Seven cases had jail sentences adjudged totaling 375 days. Highest single penalty exacted \$600 for pollution by cyanide in the Sawmill River, Town of Greenburgh, City of Yonkers.

Decision May Be Long Way Off On Bus Proposal

WASHINGTON (AP)—Although public hearings are ended on Capitol Bus Co.'s proposal to operate through-service between Washington and Buffalo, N. Y., it may be several years before the case is finally decided.

Capitol, of Harrisburg, Pa., is seeking operating rights between Wilkes-Barre, Pa., and Elmira, N. Y. It already operates between Washington and Wilkes-Barre and Waverly, N. Y., and Towanda, Pa.

Greyhound Opposes

If it is granted authority to operate the remainder of the Wilkes-Barre-Elmira route, Capitol, a Trailways company, plans to initiate through Washington-Buffalo service with the Western New York Motor Lines, Inc., another Trailways company.

The Greyhound Corp., which serves the same area, is opposing the plan. Hearings before the Interstate Commerce Commission ended Thursday.

At the close, William J. Cave, commission examiner, gave opposing attorneys until Sept. 8 to file briefs.

After that, he will write his report based on the briefs and the 10 days of hearings — four in Wilkes-Barre and six here.

Either side will be permitted to file exceptions to Cave's recommendations in 30 days. If exceptions are filed, the case will go to the commissioners themselves. James E. Wilson, attorney for Capitol, said it could take two or three years before every legal avenue is explored in the case.

Exceptions Likely

If no exceptions are filed, which is highly unlikely in view of the efforts made by both sides to present their positions at the public hearings, Cave's decision would be final.

Greyhound has contended it offers better connections with Capitol at Scranton now than at any time in recent years.

This was an attempt to refute testimony presented by Capitol that it had been left "high and dry" at Scranton because of Greyhound's schedule changes.

Greyhound claims there is insufficient traffic to warrant service by Capitol between Washington and Buffalo.

Elephant Places Wreath

FORT PLAIN, N. Y. (AP) — The grave of George Duffy today bore a wreath placed there by a circus elephant.

Duffy was the village's most avid circus fan until his death last year. He bought 1,500 tickets for children every year when the circus came to town.

A memorial service was held Thursday when Mills Brothers Circus played this Montgomery County village. An elephant placed the wreath on Duffy's grave with its trunk.

Think It Through

E. F. HUTTON

A BOOK FOR TODAY

The classic description of the curse of inflation, long out of print, has just been republished. Nothing ever written on the subject has equalled its chilling impact on the mind of the reader.

E. F. HUTTON

It is "FIAT MONEY INFLATION IN FRANCE," by Andrew D. White, first presented by him as a paper in 1876, and finally published as a small book in 1912.

For 83 years this has been the most convincing and easily read treatise on the devastation caused by "flat money,"—paper currency not redeemable in gold or silver.

It tells what happened in France from 1789 to 1795. Mr. White, the author, was a noted historian, first president of Cornell University, and named by five Presidents of the United States to the highest positions in our Government.

This book, only 128 pages long, can now be procured from The Foundation for Economic Education, Inc., at Irvington-on-Hudson, New York, at \$2.00 in cloth covers, or \$1.25 in paper.

If every Senator and Congressman were forced to pass an examination on Dr. White's famous book, we would feel more sure that the rise in prices and public debt, and the fall of the dollar would come to an end.

For like a row of falling dominoes, unsound fiscal policies breed still worse ones until they all fall in ruin.

Read how a pound of soap rose from 18c to 8 \$s, and what then happened.

Senate to Work on Public Works Bill

WASHINGTON (AP)—The \$1,256,836,300 Senate version of the public works appropriations bill was headed today for a conference and attempts to resolve conflicts with the House version.

The Senate accepted Thursday without change recommendations that its public works committee made Wednesday.

Senators and representatives will hold conferences to seek agreement on a single bill.

The Senate measure includes funds to begin 69 new flood control, navigation and reclamation projects. The House approved 41 new projects.

50 PC Dividend

BUFFALO, N. Y. (AP) — Directors of The Niagara Share Corp., an investment company, have declared a 50 per cent stock dividend on its 1,802,703 shares.

The stock will be distributed on Aug. 20 to stockholders of record July 20, the company said Thursday.

The directors also declared a quarterly cash dividend of 25 cents a share on the increased number of shares, payable Sept. 14 to stockholders of record Sept. 1.

Killed in Car Plunge

GILBOA, N. Y. (AP) — Miss Beverly Stewart, 18, was killed Thursday night when an automobile plunged 75 feet down an embankment.

Police said the car went off a curve and crashed into a creek bed. Two other persons were injured, neither seriously.

Miss Stewart lived in nearby West Conesville.

Migrant Pay Up To Labor Office, Is Rogers' Ruling

WASHINGTON (AP)—The U. S. attorney general holds that the secretary of labor has authority to set minimum wages and other standards for migrant laborers recruited through the U. S. Employment Service.

Atty. Gen. William P. Rogers Thursday issued a formal opinion because of a dispute over a plan to tighten regulations affecting migrants.

Labor Secretary James P. Mitchell plans to revise the regulations to require that, when an employer recruits migrants through the federal employment service, he must provide adequate housing and pay prevailing wages for agricultural workers in the area involved.

Some farm organizations and congressmen from farm states have objected to the Mitchell plan. They hold the labor law does not give him authority to make the changes he proposes.

In his opinion, Rogers rejected a claim that the labor secretary's authority covered only matters of administrative procedure in enforcing the law.

A. H. Morris Dies

NEW YORK (AP)—Alfred Hennen Morris, 95, the last surviving charter member of the Jockey Club, died Thursday. Morris, a prominent horse owner, was one of the 50 persons who founded the club in 1894. The club wrote the rules that still govern all thoroughbred running races in the United States.

Keeps It Ticking

BELVIDERE, N. J. (AP) — W. Frank Burd is a clock-watcher and gets paid \$50 a year for doing it. For the last 19 years, Burd has climbed into a bell tower once a week to wind the 100-year-old clock in the

Warren County courthouse. And he knows he's not the only one watching the clock. "When it strikes the wrong time, stops or is wrong," Burd said, "I really get the telephone calls."

SAVINGS ON GRAIN

Many a writer has trotted out his most imaginative prose in seeking to describe the St. Lawrence Seaway and its potential impact upon economic development. The Seaway has been called a high road to the heart of the continent; it has been described as a mighty arm of the Atlantic, as an American Mediterranean.

Such descriptions are helpful. It is true that the Seaway will greatly enrich the flow of American commerce, especially as inter-lake channels are deepened and harbor facilities are improved. As is often the case, however, some factual data may do more than imaginative flights to give an idea of the Seaway's effect.

Research men in the Department of Agriculture have been estimating the amount of grain the Seaway will carry. They figure that the United States and Canada will move some 42 million bushels by that route this year. Their estimates of cost are even more interesting.

Prior to this year, the lowest cost of moving grain from Duluth to European or North African ports—down the Great Lakes to Buffalo, by rail to Baltimore, and thence across the Atlantic—was 33 cents a bushel. Now, Agriculture Department men figure, wheat can be moved in Liberty vessels from Duluth to Rotterdam or, say Casablanca, at 21 cents a bushel. That is a saving of 12 cents. Even to Brazil, the saving will run around 10 cents a bushel.

The U.S.D.A. experts say these lower costs will affect grain shipments from 17 states which produce three-fourths of the principal grains. It is facts such as these which most clearly indicate the coming impact of the St. Lawrence Seaway.

SURPLUS FOR SCIENCE

Surplus or outmoded equipment from the armed forces is turned to numerous unexpected, sometimes rather curious, uses. Families out camping slumber in sleeping bags once intended for troops; rifles designed to kill men are killing game instead; inflatable rafts, once a part of survival equipment, are used as duck boats or merely for idle floating on lakes scattered across the countryside.

And that's not all. Consider what is happening at Iowa State College, in the Ames laboratory of the Atomic Energy Commission. Recently three large naval gun mounts, of a type now obsolescent, pulled into Ames on special cars. And how will they be used? They are being converted into supports for "analyzing magnets" which are used in various nuclear physics experiments. The gun mounts are ideal for this purpose because they are designed to turn heavy equipment to precise angles.

We offer no profound conclusions. But we are intrigued with the thought that big gun mounts intended to level destruction at an enemy may now contribute to the advancement of basic knowledge. There could be no more fitting use for surplus war materiel.

Khrushchev is described as a dangerously shrewd man in a deal. Opponents, therefore, should keep their eyes on the bottom of the deck.

THOUSAND-YEAR SIGNS

Amid the enthusiasms of the dawning atomic age, with its dreams of cheap and limitless power, the problem of atomic waste disposal may not be receiving the attention it merits. Although specialists understand the problem, the public has little concept of its importance.

Yet the fact is that the disposal of radioactive wastes is a long-range problem in which the public welfare will be increasingly involved. Such materials are the inevitable by-products of atomic plant operations, but unlike ashes and the like they cannot merely be piled up some place or used for fill.

Some of these wastes will remain dangerous to human life for a thousand years. This poses a new kind of problem for man.

'These Days'

By GEORGE E. SOKOLSKY

THE CONGRESS

The realistic difficulty that the present Congress faces is that whereas it has enough votes to ruin President Eisenhower and the Republican Party, the sane men among the Democrats do not wish to ruin the United States in the process. An increasingly swift inflation could so affect the American economy as to leave our people in difficulties for at least another generation.

This is the fundamental quarrel between the Democratic leadership of Senator Lyndon Johnson and Speaker Sam Rayburn and the A.D.A. group. The latter feel that the Democrats have the votes in the Senate and the House of Representatives to over-ride a veto by the President and that they ought to use the present Congress to win the 1960 election, come what may. This may be sound partisan politics but it is not sound from the standpoint of the United States.

There are numerous Democratic candidates for the Presidency and some of them are recognizing that this is their only chance. Should Vice President Nixon or Governor Rockefeller win an election, it might push their chances four or eight years away; should Lyndon Johnson or Stuart Symington be nominated by the Democrats and elected, it would eliminate these other Democrats altogether.

For instance, the nomination of Senator John Kennedy by the Democrats looked very promising for a while, but it is now much in doubt. Unfortunately, his following is too mixed, as, for instance, Irish Catholic conservatives and A.D.A. radicals. Only Franklin D. Roosevelt was able to compose such a mixture and he did it while in office, when he was aiming at a second term. He managed to establish a composite of antagonistic elements in the New Deal, but nobody has been able to do that since, although the Modern Republicans hoped to do this with Eisenhower.

Senator Hubert Humphrey has made no attempt to organize such a composite group. He has taken his stand as an A.D.A. radical. However, in that position he is meeting as a competitor Adlai Stevenson, who has twice failed of election, but who apparently is being supported for 1960 by most of the remainders of the Roosevelt intimates such as Mrs. Eleanor Roosevelt, Senator Herbert Lehman and their following.

The Stevenson movement is strong and is developing its greatest force in New York where it is making a frontal attack on Carmine DeSapio, the present Democratic leader of that state. In the attack on DeSapio, the A.D.A. Democrats are being assisted by the Rockefeller Administration in New York State which is uncovering scandals in New York City. Politically, the purpose of the current spasm of muckraking is designed to gain the Mayoralty of New York for a Fusion candidate, supported by the Republicans. Also, if Rockefeller can destroy the Democratic organization in New York he will be proved to be one of the most astute political leaders.

If Adlai Stevenson can get the New York delegation, his Vice Presidential candidate could be Governor Pat Brown of California, a Roman Catholic and a labor man. This would eliminate John Kennedy altogether.

Kennedy put all his eggs in one basket, vigorously supporting Walter Reuther against Jimmy Hoffa. John Kennedy and his brother, Robert, have been the principal factors in the violent attack on Hoffa before the McClellan Committee. But up to now, Hoffa has not been destroyed. He is in command of the largest and most vicious labor union in the United States and he means to remain in that position at any cost. There can be little doubt that the manpower and the treasury of the Teamsters Union will be for anybody who can defeat Kennedy. The morals may be with Kennedy but not the politics.

Reuther's U.A.W. has been steadily losing members. The State of Michigan, which Reuther absolutely controls, is bankrupt and Detroit has more unemployment than is tolerable. Furthermore, Walter Reuther has become a statesman and is so busy being a great international figure that he did not watch jobs while the American automobile companies were exporting capital to all parts of the world, and cars made by foreign labor were gaining an important foothold in the United States.

As this contest develops, many curious factors appear and as they do, it becomes less certain who the candidates will be. On the Democratic side, it could be, as of today, Lyndon Johnson or Stuart Symington.

The Mature Parent

Educators Could Profit From Some Piano Lessons

By MRS. MURIEL LAWRENCE

As a child I had a stern piano teacher who required me to toil endlessly over the scales in my exercise books. Once, horribly depressed by the sounds I made, I protested the deadly monotony of the steppingstone notes. Glaring at me, the teacher said, "I am paid for giving you music lessons. Now the least I can do is to teach you."

Then came an unforgettable afternoon. I found the family collection of "Irish Songs" on the piano rack and idly struck the notes I saw on the open page. To my amazed delight I suddenly realized that I was playing my father's favorite "Kathleen Mavourneen"—and playing it with certainty and skill. It was a moment of the most intense self-appreciation.

And it's my reason for deploring modern scorn of the old phonetic method of teaching children how to read.

Yesterday an 8-year-old neighbor returned a borrowed copy of Waldemar Bonsels' classic "The Adventures of Maya the Bee" because, she told me, she didn't "recognize" some of its words.

She's not a stupid child. She's just not been drilled in the steppingstone sounds of the alphabet's letters. So she can't sound them in word combinations as my scales enable me to explore the note combinations of "Kathleen Mavourneen."

Thus she's denied the self-appreciation that overwhelms a child when phonetic drilling enables him to sound the letters of an unrecognizable meaning.

But today we are so afraid of being bored ourselves that we are scared to death of boring children. We reject the phonetic method because it offers no immediate reward. We give Billy a "sight vocabulary" that enables him to recognize some words as a whole but denies him the skill that would enable him to make all words his own.

In a book on modern methods, a teacher quotes H. L. Mencken on his 8-year-old discovery of "Huckleberry Finn." Wrote Mencken: "It was probably the most stupendous experience of my life. Child though I was, I realized that I had entered a domain of new and gorgeous wonders."

Then the modern teacher carefully refrains from reminding us that Mencken belongs to the generation that was drilled in phonetics.

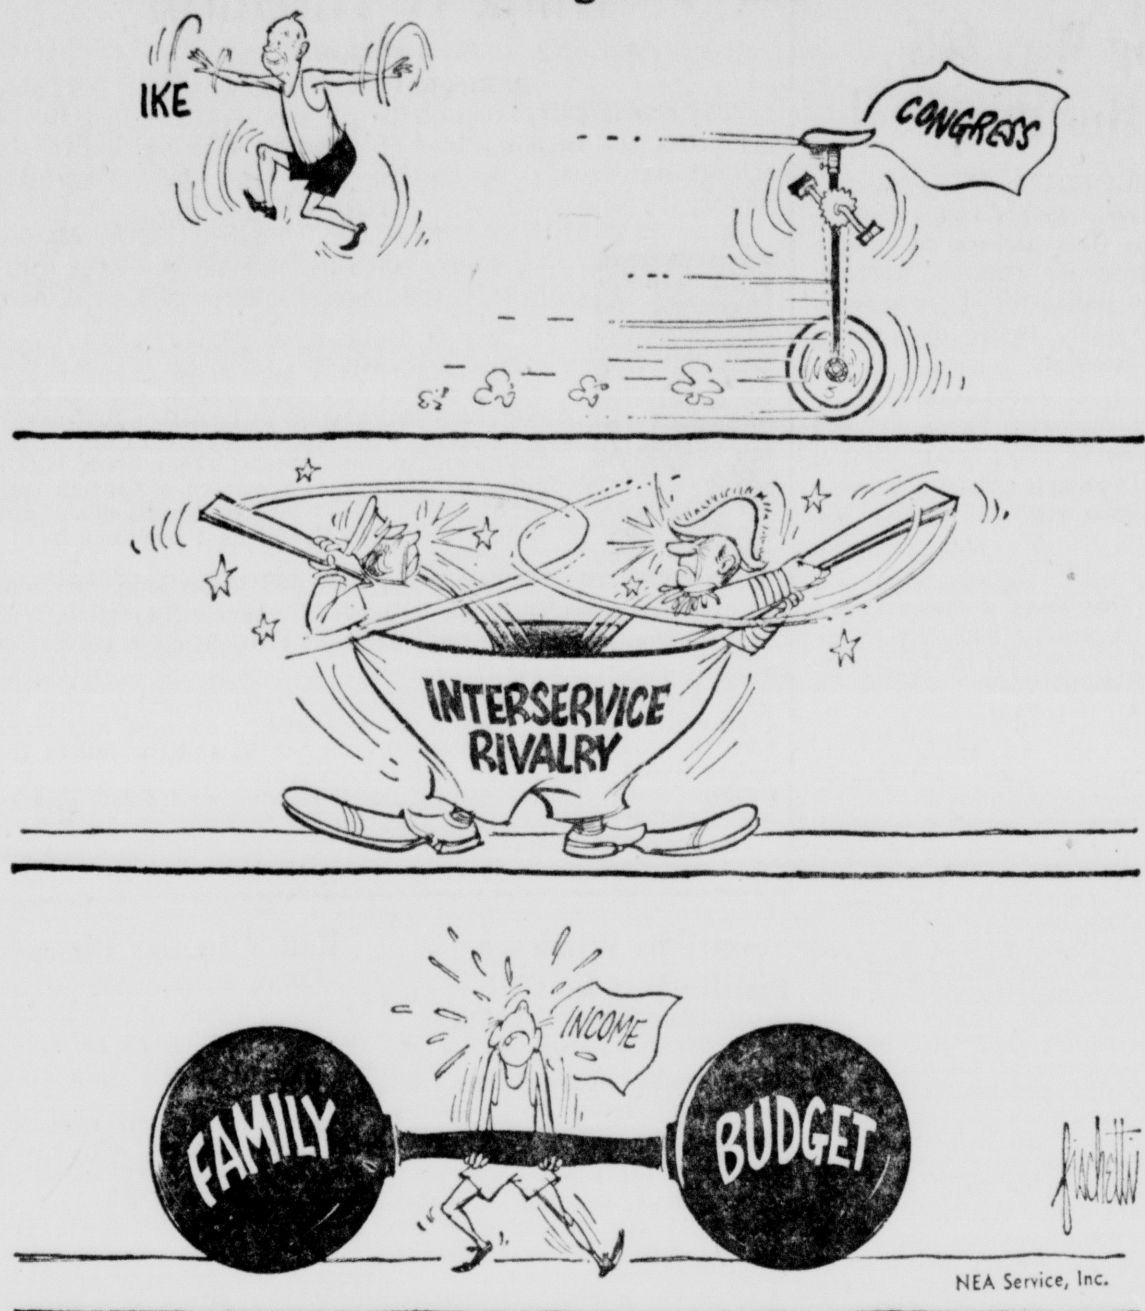

Odd, isn't it?

(All rights reserved, NEA Service, Inc.)

Heretofore he has been able to cover up the ugly results of war and industry with relative ease. Battlefields and concentration camps and slag heaps become grown over, mercifully covered by nature, in a few years or decades. But the atomic cesspools are not so easily disposed of.

For them, man's responsibility will range thousands of years into the future. Sign posts will have to be built to last, for they must warn the next 30 exploring generations: Danger, Radioactive!

Three-Ringed Circus

Washington News

By PETER EDSON

NEA Washington Correspondent

WASHINGTON, (NEA) — Seventy-seven million Americans—44 per cent of the population—have a direct interest in the new, non-service-connected veterans' pension legislation which has passed the House and is now before the Senate Finance Committee.

Living veterans of all American wars number over 22 million. They have in all, 19 million wives, 25 million children and 11 million other dependents. They all want to know how present benefits compare with the new rates and what they can get out of them.

Only 1,237,667 veterans or their dependents now get pension benefits. But the number is expected to rise to a peak of 4.5 million by 1955—if there are no new wars.

ASSUMING THAT the House-passed bill is approved by the Senate and signed by President Eisenhower, its total additional costs are now estimated at 308 million dollars for the first year after it goes into effect, July 1, 1960.

This will increase to a peak of over 500 million dollars more by 1980. Then it will start declining to 105 million more by 1990. These figures are on top of present pension costs of 1.2 billion a year.

By 1995 the cost would be 18 million dollars a year less than the present law. And by 2000 A.D., the cost would be 125 million a year less. But the total cost of the new bill through this century will be an estimated 10 billion more than under present law.

It isn't a money-saving bill. But it will reduce the total cost of living veterans' pensions by

12 billion dollars and decrease veterans' cases by 231 million.

FOR WORLD WAR II and Korean War widows and their dependents, pension eligibility requirements would be eased under the new bill to match that of World War I survivors. This will cost 22 billion dollars more, offsetting the savings from reduced pensions for the veterans themselves.

Getting down to individual cases, the principal change in the House-passed bill is that it would introduce a new sliding scale of pensions. This would be based on the other income and dependency statuses of the recipient. The greater the need, the bigger the pension to be given.

A veteran with no dependents and an annual income of less than \$600 would get \$85 a month. If his income is \$600 to \$1,200 a year, he would get \$70 a month. If his income is \$1,200 to \$1,800 a year he would get \$40 a month. If his income is over \$1,800 a year he would get nothing.

For a veteran with dependents—regardless of number—the pension would be \$90 a month if his income is under \$1,000 a year. He would get \$75 a month if his income is between \$1,000 and \$2,000. He would get \$45 a month if his income is between \$2,000 and \$3,000.

These payments would be increased \$70 a month if the veteran needs regular aid and attendance.

THESE NEW RATES compare with today's pensions of \$66.15 a month if the veteran is under 65 and has been on the pension rolls less than 10 years, or \$78.75 a month if he is over 65 or if he has been on the rolls 10 years or more. All veterans getting pensions today get the maximum—regardless of need—if their income is under \$1,400 a year for single men or \$2,700 a year for married men.

Helpless veterans now get \$135.45

Eisenhower's Statement On Discrimination Studied

By DAVID LAWRENCE

WASHINGTON — President Eisenhower really said nothing novel when he explained at his press conference this week that he favors "equality of opportunity in both the economic and the political fields" for all citizens, and that, if a Catholic happened to be "really a qualified, responsible individual running for office, my vote would never be changed on the basis of his religion."

The President has always made it clear that he favors "equal opportunity for all citizens where governmental action is concerned. What the President was careful to omit from his comment was any intimation that the individual citizen has lost his right to discriminate in social or personal associations with other citizens. This right is called "freedom of association," and it has the backing of the latest decisions of the Supreme Court of the United States which, time and again, have drawn a line between the right of individual choice where private schools or clubs or other organizations are concerned, and the citizen's rights in public facilities of any kind.

Indeed, the President recognizes the right of any citizen to allow his religious prejudices, or any other bias, to govern his own vote. When asked whether the electorate would be influenced by a religious issue, Mr. Eisenhower frankly said he doesn't know "whether the thinking of the country has changed" since Al Smith, a Catholic, was defeated for the Presidency on the Democratic ticket in 1928 by Herbert Hoover, the Republican nominee.

One of the newsmen at the press conference also asked the President if "quite apart from the legalism of the situation," he has "any opinion as to whether racial segregation is morally wrong."

Mr. Eisenhower replied that "certain phases of segregation," such as "segregation by local laws," that interfere with the citizen's "equality of opportunity in both the economic and the political fields" would seem to him to be "morally wrong."

The whole problem has its roots in the differences of opinion among individuals as to their "freedom of association." In recent years there has emerged a wide acceptance of the doctrine that there

should be equality of opportunity in the economic field. During many decades in this nation's history, however, women, irrespective of color or race, were discriminated against. But today there is a growing feeling that equal pay should be given for equal work to every individual, even though this is not generally a legal requirement.

In the political field, equality of opportunity is still effected by the right of the voter to discriminate in his selection of public officials. He need give no reason or his vote, which is secret.

'54 Ruling Cited

As for the use of public facilities, on the other hand, the theory that the government itself may not discriminate has been a subject of lengthy controversy. The courts have not always defined "discrimination" in the same way. Thus, for many years, the Supreme Court ruled that as long as separate facilities of a public nature were equal in quality, no legal discrimination was involved, and that separate schools were not a violation of the Fourteenth Amendment's clause guaranteeing "equal protection of the laws." In 1954, however, the Supreme Court ruled that, unless the races are permitted to mingle in the classrooms of public schools, there is no equality of education itself. The argument was made by the court that there has to be a mingling of minds, and that to separate students by race is to create a sense of inferiority.

It is this combination of social and educational factors which has really caused the bitterest controversy, as well as given rise to expressions on the part of many lawyers and jurists that the Constitution was properly interpreted years ago when it was held that the states, and not the Federal government, should decide who shall or shall not be admitted to a particular public school.

Bunche Case Noted

In a sense, Dr. Ralph Bunche, prominent Negro who is a United Nations official, recognized the other side of the legality of private discrimination. While conceding that a private club may exclude whom it pleases from membership, he went on to denounce as "shocking in New York City" the refusal of the West Side Tennis Club to grant membership to himself or to his son. Dr. Bunche has every right to take his case to the court of public opinion, but, followed by its logical conclusion, there can be no conformity by coercion.

If discrimination is to be abolished in every human relationship, it must come from the voluntary acts of individuals. This, to be sure, brings out deep-seated differences of viewpoint about social mixing and its effects in such controversial fields as intermarriage. It is quite possible that the Supreme Court of the United States some day may strike down as invalid these state laws which today prohibit intermarriage between the races. But the right to discriminate in picking one's mate will hardly be taken away by law, inasmuch as the Constitution, as interpreted by the Supreme Court, guarantees "freedom of association." Questions -- Answers

Q—When not permitted to do something, why is it said that we are "turned down?"

A—The allusion is to an old English custom of turning a glass upside down when no more drink is desired.

Q—What change has been made in the new 1-cent piece honoring Lincoln's sesquicentennial?

A—The new piece features the Lincoln head as of old, with a new reverse side depicting the Lincoln Memorial. This marks the first change in the Lincoln cent's design since it was first struck in 1909.

10 Sections Are Set for Flowers At Dutchess Fair

Dutchess County Fair flower shows will have as their theme this year the designation "Hudson Champlain; 1609-1959," commemorating the 350th anniversary of the discoveries of the Hudson River and Lake Champlain.

Mrs. George A. Boehm, Rhinebeck, chairman of the show, today pointed out there will be 10 sections to the flower exhibits over this year's six-day fair; thus assuring fresh blooms to fingerers on all day, August 28 through Sept. 2.

Opening day at the fair in Rhinebeck will feature a garden club project build around a kitchen garden theme; horticultural classes featuring marigolds, petunias, celosia, roses and collections of annuals and perennials; a gladioli and dahlias show; artistic classes on an Early American and Contemporary 1959 assignment; and junior gardener show on the theme "Yesterday."

On Sunday, Aug. 30, outstanding floral artists of the northeast will be invited to participate in a special invitation show.

and there will be a special horticultural exhibit, by invitation, featuring potted plants and roses.

On Monday, Aug. 31, there will be a second gladioli and dahlias show.

On Tuesday, there will be a horticultural show featuring cosmos, zinnias, sunflowers, tea roses, potted plants and collections of annuals and perennials; the second competitive artistic show; and junior gardeners' show on the theme "Tomorrow."

Schedules for all sections of the flower shows may be obtained by writing to Mrs. Boehm, Rhinebeck; vice-chairman Mrs. John H. Myers, Red Hook; or County Fair Superintendent of Entries, Mrs. Joseph Bruyette, Rhinebeck.

Charge Reduced Against Indian In Trooper Death

MALONE, N. Y. (AP) — The charge against a Mohawk Indian accused in the shooting of a State Trooper has been reduced from first-degree murder to second-degree.

The Indian is Alex Papineau, 38, of the St. Regis Reservation, who is accused of killing Trooper Ronald J. Donahue, 23, of Mineville, last May 23.

Could Get Life

The maximum penalty for first-degree murder is death. For second degree, the maximum punishment is life imprisonment.

Peace Justice William Hardy reduced the charge against Papineau Thursday at the conclusion of a preliminary hearing.

Papineau was returned to jail to await action of the Franklin County Grand Jury, which will convene in October. The jury will determine the charge on which Papineau will be tried.

Donahue was killed outside the farm home of a peace justice near Bombay. He and a fellow trooper had arrested an Indian on a charge of intoxication.

Papineau was waiting outside when the troopers came out. They exchanged words. A scuffle followed. Police say Papineau then grabbed Donahue's revolver and shot the trooper with it.

Hardy said after the hearing, which began last month, that evidence presented did not sustain a charge of first-degree murder.

Closed to Press

Under terms of the state Penal Law, both first and second-degree murder involve a design to effect the death of the person killed. In first-degree murder, the killing is deliberate and pre-meditated.

The law says that, in second-degree murder, there is neither deliberation nor pre-meditation. The Papineau hearing was closed to press and public.

His wife, Ruth, sat outside the hearing room throughout the proceedings. She saw her husband only briefly as he was escorted from the jail to the hearing room.

Pilots to Cooperate

The Hudson River Pilots Association and the United Marine Division, Local 333, are cooperating with the Town of Esopus in this phase of the local celebration.

Many boatsmen that man the vessels plying the Hudson River are natives of the Town of Esopus.

Also Sunday, Hasbrouck Engine Company of Connelly will hold its annual picnic on the Connelly Levels. The picnic is scheduled to start at 10 a. m. Included in the festivities will be games, sports, trap shooting, a turkey shoot, refreshments and awards. Admission is free and the public is invited.

A possible compromise developed this week.

Two major compromise plans now being contemplated would provide:

1. A 1/2-cent increase in the gas tax to bring in an extra 280 million dollars, temporary suspension of the pay-as-you-go requirement, and a two-year stretch of the program now due for completion in 1972.

2. A one-cent increase in the gas tax would yield 560 million, also with suspension of the pay-as-you-go requirement.

The trust fund is financed from earmarked taxes on gasoline, tires and tubes, diesel fuel, trucks, buses and a highway use tax on trucks.

Currently, the trust fund is expected to go into the red about half a billion dollars by the end of the fiscal year ending June 30, 1961.

How to help "1 out of 10" and help yourself, too!

Today, doctors say that 1 out of every 10 Americans has a serious mental problem. You probably come in contact with at least one such person every day—a friend, someone you work with, perhaps even a member of your own family.

This person desperately needs something that you alone can give—your understanding. Here's how you can give it.

First, remember the facts. Serious mental problems are quite widespread today. They're not rare. And they're not hopeless! In most cases, they respond well to modern medical treatment. See-

County to Erect

Minority Leader John Gaffney (D) Lloyd, said the resolution was a good one and was offered because his party believed in the principles of the law.

The Majestic resolution not only commended the governor on signing the bill but directed that "all departments of the County of Ulster abide strictly with the mandates of Chapter 605 of the Laws of 1959, Section 103a and 103b."

At the last meeting of the Kingston Common Council Mayor Radel called attention to the danger of an unprotected 100-foot cliff in the county quarry property and also to the manner of storage of blasting caps.

Alderman Richard K. Wood (R) 12th ward declared "It seems strange, indeed, that our elected county officials can table indefinitely matters dealing with the safety of children, while they endlessly discuss such monumental subjects as the price of road oil."

Says Action Was Started
Exception to this statement by Alderman Wood was taken by Supervisor Joseph Fitzsimmons (R) of Woodstock who said the matter had been under consideration by the Highway Committee of which he is chairman.

His committee has held two meetings and made an inspection of the situation and had agreed that action should be taken. The committee had sought estimates of the cost of erecting suitable protection fence along the quarry hole as an extension of the fence now there. This would protect against persons falling over the cliff into the quarry hole. This would deny children easy access to the precipice.

In a report to the board the Highway and Bridge Committee, Joseph Fitzsimmons, chairman, recommended erection of necessary fence and that an appropriation of \$7,000 be made. The other members of that committee are James F. Howard (D) 10th ward, Alexander J. Banvo (R) Ulster, Leo Stauble (R) Kingston, Lester S. Davis (R) Olive and Roger Mable (D) Esopus. The report stated that County Superintendent of Highways Roland H. Green had estimated that to fence the total 2,400 feet of the area would cost \$35,000 and that to fence the cliff by extending the present fence would cost about \$7,000.

Would Abandon Location
Green in his communication to the board in regard to the quarry situation said:

I might call attention to the fact that I have, for several years, indicated my desire to abandon this location and have requested a satisfactory site and building to be provided for the operation of the activities of this department. Provision of such installation would have made the quarry property unnecessary.

Green said a cyclone fence was in position from the corner of the Dietz Stadium property to the end of the quarry face on the westerly side. Fencing along the Forsyth area, Green said, should be a city participating cost and if the county is to continue to operate the quarry steps should be taken to provide fencing immediately. He said to spend \$35,000 for a fence was "ridiculous" when that money could well be used toward establishment of a satisfactory county garage site.

When Supervisor George Majestic (D) of Gardiner inquired whether there was a report from the Purchasing Procedure Committee which is studying the value of purchases through

the towns of Esopus, Ulster, Hurley and Rosendale, Mable said, was facing a serious school transportation problem next fall. He said he was making no suggestion as to solution of the problem nor was he seeking any action by the board of supervisors, but he was bringing to their attention the "hazardous conditions" which would

expire within a 60-day period during the summer of 1961.

Hoffa said that if strategy for the master negotiations is successful, the separate agreements will be replaced by one master contract covering all 48 states with a common expiration date, comparable wage rates throughout the nation.

Dr. Hugh S. Chidester, town health officer will give the injections at the clinic. He will be assisted by Mrs. Walter Johnson and Mrs. David Diehl, registered nurses.

Mrs. Perry Bunyar and Mrs. Peter Karasay represented St. Mary's P-TA at the meeting, and Mrs. Boller and Mrs. Ronald Wolfeld represented the B'nai B'rith Women's Chapter.

County to Erect

State contract, Chairman Jesse McHugh (R) said the committee was working and wanted additional time before reporting.

Minority Leader Gaffney (D) Lloyd said the committee was working but was in "complete disagreement" at the present time but he hoped for an agreement if some compromise was arrived at.

Would Look for Interest
County Treasurer Fred H. DuBois sent a communication suggesting that County funds not immediately needed to meet payments could earn interest if deposited in that type of account. He suggested the board look into the law governing such action.

A contract was awarded Anthony Costanzi Corporation of 80 New Street, Kingston, for labor, material and equipment necessary for driving timber piles for the bridge over the Stony Kill, Town of Rochester, known as the Post Jackson Bridge. The bid price, with adjustments, was \$7,321.50.

All for Tyler
Appointment of John Tyler of Rosendale, who has been associated with the Ulster County Veterans Service Agency for over 12 years and who was presently acting as assistant director, was unanimous on a resolution of Supervisor Peter Williams (R) of Saugerties, naming Tyler director.

The board unanimously adopted a resolution expressing its sympathy and condolence to the family of Howard C. Shurter and directing that the board when it adjourned do so out of respect to his memory.

The director of the Tuberculosis Hospital was authorized to spend \$45 from its "special funds" for purchase of aluminum chairs for use by the female patients of the hospital.

This "special fund" consists of monies and contributions made by individuals to the hospitals.

Supervisor Roger W. Mable (D) Esopus, extended an invitation to the supervisors to come to the Town of Esopus and participate in the observance of the 274th anniversary which is being held in conjunction with the New York State "Year of History" and the Hudson-Charlestown celebration being held this year.

Elaborate Program
"Town of Esopus Festival Week" will be held from July 12 to 18 with daily events including "Homecoming Day," picnics, dinners, drum corps exhibitions, a costume ball, block party, band concert, parade and ending the week of activities with a Mardi Gras at Ross Park in Port Jervis Saturday, July 18, sponsored by the Port Jervis Businessmen's Association.

Supervisor Mable extended an invitation for all to come and he stressed the Hudson River Dayline excursion to New York City on July 14, when a re-enactment of the "Mary Powell" will take place. The boat will leave Newcombe Dock, Kingston at 8 a. m. and running over the route of the famous "Queen of the Hudson" the boat will return to Kingston at 9 p. m.

However, to top even the trip down the Lordly Hudson River and the re-enactment of the Mary Powell's trip, was an announcement that Port Jervis would "bring back the nickel beer" on Saturday, July 18. "It's all free, except the boat trip and the nickel beer," Supervisor Mable promised.

However, speaking seriously Supervisor Mable called attention to the school bus petitions now being circulated.

Coast Woman New Winner of Powder Puff Air Derby

SPOKANE, Wash. (AP) — "Women would probably feel a lot more relaxed if they got out of the kitchen once in awhile and up into the air."

That's the opinion of Aileen Saunders, pretty pilot winner of the 1959 Powder Puff Derby—the transcontinental air race for women.

"Flying gets to be second nature after awhile, like sweeping the floors or pinning baby's diaper," remarked the three-time derby veteran. "But even so it's a big thrill to be up there, always invigorating."

"I guess winning this race makes me about the happiest

woman in the world. I'm just thrilled to death."

Mrs. Saunders, wife of a California building contractor, flew the 2,470 mile race in a Cessna 142 owned by her husband. She credits him for her victory.

"If it weren't for Walter (hubby) I probably wouldn't even know how to fly. I used to accompany him on business trips, finally four years ago he let me take the controls and now says I'm a better flyer than he is. He's only trying to tease me though."

Some 120 pilots and copilots flew the 13th annual derby in ships ranging from 85 to 300 horsepower.

Mrs. Saunders who is 32, got married at 16. "Now I'm teaching my 15-year-old son to fly."

Derby officials said the Saunders' 145 h.p. ship flew at an average of 111.53 miles per hour. Placement ratings were computed on a handicap basis with capability and elapsed flying time taken into account.

BABSON on BUSINESS

By Roger W. Babson

Babson Park, Mass., July 10—We all know that arid lands produce the finest crops when they finally get water. Our most beautiful lettuce and similar table vegetables which come from California are now grown from land which was absolutely sterile a few years ago. The reason is that these lands, which have had no rains during the past century, are very rich in vitamins and minerals, while our normally fertile lands have had these washed away down the rivers and into the oceans. When I was in Africa last year I was told that the Sahara Desert will "blossom like a rose" when it has water.

Irrigation Very Wasteful

The only way we are now able to give these "no rain" lands sufficient water is by irrigation. This usually means building an expensive dam, together with canals to the area. These canals are, of course, open and the water is subject to serious evaporation. As a result, all present forms of irrigation are very wasteful, even if the water is obtainable. I believe that very few new irrigation systems will be built.

The lands, however, must have some equivalent of water, but this will be "synthetic" water. I am certain of this after my few weeks spent in New Mexico and Arizona, from which states I have just returned. There you can buy "no rain" land for \$10.00 an acre; but to have it irrigated—even if that is possible—will cost you over \$100.00 per acre.

How Water May Be Manufactured

Those of us who have studied chemistry know that water consists of two elements, hydrogen and oxygen. In the chemical laboratory we were taught how to decompose water into these two gases of hydrogen and oxygen; in fact, this is now being done in a commercial way by means of a beam of light. I remember, however, that it was dangerous to reverse the process. It created much heat and sometimes an explosion. This is rough, is the process which will take the place of present systems of irrigation; but it will be greatly simplified and costs cut. This new process can be used for all land, however far away from water it may be in this country or in any part of the entire world.

Oxygen gas can now be secured quite cheaply, but hydrogen gas is expensive and tricky. We may need a "trigger" to combine the two, but this will not long be true. Moreover, I am convinced that it will soon be easy to buy diluted

hydrogen gas which will work with oxygen. This will be shipped directly to the farmer and he will make the mixture in his furrow. Furthermore, he will want a limited explosion so as to loosen the earth before he plants his seeds.

How Gases Will Be Applied

The "no rain" farmer, after plowing and leveling the land, will disk or harrow it preparatory to planting his seed. The disking machine which he rides will carry two tanks, one containing the hydrogen and one containing oxygen, both under pressure. These gases will be led in very small tubes to be applied to the ground directly after the disk or the harrowing machines pass. If all goes well, after or accompanying a small explosion, the hydrogen and oxygen will form water or its equivalent. This will be automatically covered with soil after the seed is dropped. This planting should result in marvelous crops.

Please do not write me for further particulars as I am neither a farmer nor a chemist. Write the company from which you buy the insecticides you use for spraying. They will be the manufacturers and distributors of these gases. Otherwise, write the company from which you buy your fertilizers. The simplest thing would be to cut out this column and send it to such manufacturer of insecticides or fertilizers, asking him if my forecast is crazy!

Canton Station Stays

ALBANY, N. Y. (AP) — The Public Service Commission today denied the New York Central Railroad's request to abandon its station at Canton, in Northern New York.

The PSC ruled that the Central could discontinue agency service there but must maintain the depot on a caretaker basis to accommodate passengers and handle baggage and milk and cream shipments.

The PSC said a public hearing showed that 2,300 passengers boarded or left trains at Canton during a typical seven-month period and that ticket sales averaged more than \$23,000 a year. Discontinuing agency service means that passengers will have to buy their tickets on the train instead of at the depot.

Rollway Strike Ends

SYRACUSE, N. Y. (AP) — A strike at the Rollway Bearing Co. plant is over and 380 production workers have pay increases ranging to 17 cents an hour.

Local 798 of the United Auto Workers struck the plant June 18. Union members voted 168 to 81 Thursday night to accept a company offer of a nine-cent hourly increase immediately and eight cents next June 10. The new contract runs for two years. Pre-strike wages were not disclosed.

The 17-cent increase will go to hourly-paid workers. Basic rates of piece workers were increased by lesser amounts.

Probers Hoping To Learn More Of Racial Threat

WASHINGTON (AP)—The Senate rackets probers seeks more information today about James R. Hoffa's alleged threat that "it might not be healthy" for Negro truck drivers to haul freight into Detroit.

Hoffa, international president of the Teamsters Union, many times has denounced racial discrimination. He has declared his union would have none of it.

Hoffa originally had been scheduled to testify today, but the committee said it probably will be

Monday before he gets back on the witness stand.

The committee said it was calling a Negro truck driver to tell of his experiences with a race-color line Hoffa allegedly has drawn around the territory of his Detroit home union local 299.

Committee Counsel Robert F. Kennedy declined to name the witness in advance, but said the man now lives in California and was working out of Youngstown, Ohio, during the 1954-55 period in question.

The story of the alleged color barrier came in testimony Thurs-

day by George S. Maxwell, Cleveland labor relations consultant to an organization of truck line owners who bargain with the Teamsters union.

Maxwell said Hoffa telephoned him in Cleveland to protest because the Ohio Northern Truck Lines of Youngstown, Ohio, was hiring Negro truck drivers to haul steel across country to Detroit.

Maxwell said Hoffa told him that "Local 299 did not like over-the-road (cross country) drivers of the colored race coming into Detroit." He said Hoffa warned him "it might not be healthy for them"

if any more Negroes drove trucks into the local's Detroit jurisdiction.

Between 35 and 40 per cent of the United States population is either engaged in farming, the production of farm supplies, or the processing and distribution of farm supplies.

Woodstock School Tax Rate Boosted to \$91 by Surtaxes

Taxpayers in the former Woodstock School District No. 2 will pay an all-time high tax of \$91.93 per thousand dollars of assessed valuation, according to the budget that will be submitted to the Ontario Central School District voters on July 14.

Two special levies, one for bonds and interest and the other for a special deficiency tax, will hike the rate from a projected base of \$72.29 to \$91.93, highest by far in the OCS district.

A surtax of \$9.26 is added to the basic rate for bond payments and interest totalling \$13,495 and a special deficiency tax of \$10.38 to cover \$15,135 in short-term indebtedness incurred by the district before it was annexed by Ontario.

A special surtax of \$7.80 is also levied against West Hurley for bonds and interest totalling \$16,750.

\$832,521 By Taxes

The total proposed budget is \$1,364,065 of which amount \$832,521.00 will be raised by tax.

The current and proposed rates for other components of the district follow: Lexington, \$47.63-\$56.73; Shandaken, \$25.30-\$30.13; Olive, \$56.93-\$67.81; Hurley, \$21.75-\$33.70; Marlborough, \$28.66-\$34.14.

These estimated rates are computed on assessed valuations for the year 1958-59. The increase and changes in assessed valuations each year will slightly reduce each estimated rate in each town.

Principal items of expense include: general control, \$25,355; instructional services, which include tuition, summer school tuition, salaries of teachers, textbooks, supplies, etc., \$966,247; instructional services and special schools, \$10,000; operation of plant, \$107,884; maintenance of plant, \$17,071.

Fixed charges, which include pension payments, various forms of insurance and special memberships, amount to \$110,382; debt service, including redemption of bonds, interest on bonds, interest on short term, tax anticipation notes, refunds, \$109,630.

Surtaxes levied but not included in expenses of the central district budget include:

Woodstock Breakdown
Former Common School District No. 2, Woodstock: retirement, 6 bonds, \$1,000 each, original bond, \$6,000; issue of \$220,000 at 1.5 per cent interest rate, due Nov. 1, 1959, interest in bonds, original issue, due Nov. 1, 1959, \$1,290; interest on bonds, original issue, due May 1, 1960, \$1,245; payment on principal, \$56,000; bond anticipation note due June 8, 1960, \$3,000; payment interest on \$36,000 bond anticipation note due June 8, 1960, at 3.5 per cent interest, \$1,160; payment, tax anticipation note due Sept. 15, 1959, for payment of district's financial deficit, June 30, 1959, \$15,000; interest, \$15,000 tax anticipation note from June 15, 1959-Sept. 15, 1959 at 3.5 per cent \$135; total levied as surtax for 1959-60, \$28,630.

Former Union Free School District No. 5, West Hurley: retirement, 15 bonds at \$1,000 each, Dec. 1, 1959, at interest rate 2 per cent, \$15,000; interest on bonds due Dec. 1, 1959, \$950; interest on bonds due June 1, 1960, \$800; total amount levied as a surtax, \$16,750.

Other Items Listed

Other items in the budget include capital outlay (land sites, improvement of grounds, alteration of building, heating, lighting,

etc.), \$70,806; auxiliary agencies, \$211,690.

Total expenditures amount to \$1,329,065, with an expected balance of \$35,000 on hand for July 1960, making total of \$1,364,065. Receipts, other than tax on property, amount to \$531,544, leaving \$832,521 to be raised by taxes.

The salary schedule for 1959-60 include \$227,500 for secondary and \$132,750 for elementary; central building, \$132,750; West Hurley, \$55,600; Woodstock, \$61,150; annexes, \$23,150.

Administrative salaries are: Donald Baines, \$7,850; William Deming, \$9,550; Paul Runge, \$8,550; Walter S. Van Wageningen, \$8,500; Ronald Vanni, \$8,350; John H. Moehle, \$13,500.

The budget will be discussed at the July 14 meeting at 7:30 p. m. Voters may not increase or reduce the amount of any item of the budget at this meeting.

Knight Outlines Platform in Bid For School Board

Arthur P. Knight of West Hurley, a candidate for the Ontario Board of Education, at the forthcoming election on July 15, says in a statement today he intends to apply "sound engineering and management approach to each problem requiring decision."

Knight, who is an engineer at IBM, outlined a six-point program which he endorses. The first point says: "each board member must be present at every board meeting, if humanly possible to do so." If elected, he proposes to attend every meeting in order to fully participate in policy and decision making.

Other points in Knight's platform: 2. The membership of the board must be constantly changed to prevent stagnation of ideas; 3. decisions must be based on facts, not personal interests; 4. business management principles must be used to govern and regulate our school system; 5. keep expenditures down and quality of education high; 6. establish a positive program for future expansion.

"Administration of schools and education today is a large business enterprise and must be operated as such," said Knight. "Businesses, large and small, in order to be successful must watch pennies as well as the dollars. This means that every dollar received for education must provide the greatest possible return or our Board of Education is failing in its responsibilities to our already overburdened taxpayers."

Excellent School Background
Knight has been active in improving school conditions during the past five years he has lived in the area. He was also active in school affairs and Board of Education work for several years in New Jersey.

He received his education in

IBM Chief Heads Fund Drive of Old Alma Mater

PROVIDENCE, R. I. (AP) — Thomas J. Watson Jr., president of International Business Machines Corp., will be national chairman of the capital funds campaign of Brown University.

Watson, who lives in Greenwich, Conn., was graduated from Brown in 1937.

The fund campaign will get underway in the near future. Watson's appointment was announced Thursday by Barnaby C. Keeney, Brown president.

Service Is Restored

ALBANY, N. Y. (AP)—Western Union reported today it had restored telegraphic service disrupted when construction workers accidentally cut an underground cable.

Service to communities north and west of Albany was interrupted. Newspapers, stock brokers and other businesses served by Western Union wires in those areas lost service.

The cable was cut Thursday in North Albany.

Dies of Injuries

ROCHESTER, N. Y. (AP) — A construction worker, George M. Doan, 45, of Batavia, died Thursday in a hospital of injuries received last week when a bulldozer overturned.

Doan was operating the bulldozer on a highway project near Savona in Steuben County.

In Mind

Karen Duke, a charming young balladeer who accompanies herself on the guitar, will give a concert at the Polari Gallery on Saturday, July 18 at 8:40 p. m.

Miss Duke comes to Woodstock with an enviable background of professional experience in opera, which includes the first performance of her father, John Duke's opera Lovelock.

She has also appeared in musical comedy, night clubs, schools, resorts, hospitals and made a tour of Japan and Korea with a special USO unit.

Miss Duke has done extensive summer stock work; toured with Can Can, Silk Stockings, Mr. Wonderful and had her own radio station in Massachusetts. She played the lead for 144 performances in a melodrama at Cripple Creek, Colorado, and has been a favorite guest attraction on television and at the Westbury, Valley Forge and Camden Country Music Fairs.

A woman of striking beauty, Miss Karen has a refreshing repertoire of American folk songs and songs of other countries.

Committee to Study State GOP Structure

NEW YORK (AP)—A 20-member committee will make a "top-to-bottom" study of the Republican Party structure in New York State in line with Gov. Rockefeller's call for revitalization of the state GOP.

The committee is composed of members of the GOP State Executive Committee.

GOP State Chairman L. Judson Morhouse said the committee, which held its first meeting here Thursday, will meet again in the fall after its members have had time to develop suggestions and ideas for pepping up the party.

Morhouse, who presided at the meeting of the "rules committee," said there is a need for better coordination among groups subscribing to Republican philosophy that get together at election time but maintain loose ties the rest of the year. In this connection he said the Young Republican clubs "could be tied into the state organization a little tighter."

The 1960 presidential election was "not particularly" discussed at the meeting, Morhouse said, but "it's in the back of everybody's mind." He made this statement in answer to a question whether the committee was the

basis for a possible Rockefeller-for-President campaign. Morhouse noted that many local elections are to be held before the presidential election. Among them are the elections of mayors in 49 cities and the elections of 57 county boards of supervisors in November.

Italians Go on Strike

ROME (AP)—A million Italian metal workers began a five-day strike today to back up demands for fringe benefits.

All Italy's steel mills, metal construction companies, shipyards, and major factories were affected except the giant Fiat auto factory in Turin. Independent unions representing the Fiat workers did not strike.

A spokesman for the Communist General Confederation of Labor said the industrialists had agreed to a 13-18 per cent increase in wages which now average about \$80 a month, "but they turned down all our requests for fringe benefits."

Italy's 100-ship maritime walk-out, went into its 32nd day, and the loss to the Italian economy was estimated at more than 320 million dollars.

PASADENA, Calif. (AP)—A brush fire near the Rose Bowl blackened 100 hillside acres and threatened many fashionable homes before firemen controlled the blaze Thursday.

Hunger Strikers Dwindle to 250 At Georgia Prison

REIDSVILLE, Ga. (AP)—Officials reported that hunger strikers at the Reidsville State Prison dwindled to a mere 250 today and that they are being transferred elsewhere.

A spokesman for the State Department of Corrections in Atlanta said that as many as 140 are being removed to the maximum security rock quarry prison at Buford, a distance of some 200 miles.

No Disorder

The remainder, he added, will be dispersed to various smaller facilities in an attempt to stamp out the day-old hunger strike.

He emphasized that there has been no disorder at the 2,900-inmate state prison—that the warden and other officers were in full control at all times.

The corrections spokesman said big prison buses carrying from 30 to 40 prisoners each were mobilized for the convict transfer. Some 40 state troopers were called upon to assist.

Warden R. P. Balkcom, in the midst of the transfer operation, told newsmen at 8 a.m. he was too busy to talk. In terse comment, he described the situation then as unchanged. "Some ate breakfast and some didn't," he said.

The strike began with breakfast Thursday to bolster demands for improved conditions at the prison. Varying numbers refused all three meals Thursday.

State Corrections Director Jack Forrester said that since the strike was orderly, no effort was made Thursday to force the hand of the convicts.

Promises Swift Action

"We have no rule that they have to eat," he said.

But he and the warden served notice that any rule violation will meet swift punishment and that every precaution will be taken to nip trouble in the bud—"stop it before it starts."

At breakfast Thursday, 400 convicts refused to eat after posting a nine-point list of demands in their cell blocks.

The list ranged from the minor demand for fried eggs, instead of boiled or scrambled, to less severe treatment for prisoners confined in isolation cells.

'Unprintable' Feeling on Geneva

Herter, in First News Parley, Even Tops Khrushchin Bluntness

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—Christian A. Herter—for a secretary of state—is a very frank man. His feelings as he returns to Geneva for talks with the Soviets, he says, might be unfit to print.

Premier Nikita Khrushchev, who prides himself on being brutally blunt, never outdid that one.

Twice at his news conference Thursday—his first since becoming secretary of state—Herter tried to say he was pessimistic about success in the American-Soviet talks which resume Monday at Geneva.

Just Not Optimistic

He didn't actually say he was pessimistic. He just said he wasn't optimistic. Just a short time ago at Geneva he finished six weeks of talks with the Soviets and got nowhere. This next go-round may last weeks, too.

Then one of the 190 newsmen—who crowded into the State Department auditorium to see him perform where his predecessor, John Foster Dulles, had held forth so often—asked him near the end of the 40-minute conference: "Mr. Secretary, if you could use only one word to describe your feelings as you head back toward Geneva, what would that one word be?"

Herter grinned. Twice he had used lack of optimism as a euphemism for pessimism. He seemed to search his mind an instant.

He was relaxed Thursday, al-

though crippled by arthritis. He smiled easily, was unpretentious, and it was clear he had done his homework in the three years he has been in the State Department.

The 64-year-old Herter was named under secretary late in 1956. He didn't become secretary until April 22. In between those dates he was completely overshadowed by Dulles and probably thoroughly ignored.

Time to Learn Job
So he had time to learn his job. It showed Thursday when he knew detailed background of American problems in Europe and Asia. Nevertheless, it was a pretty drab news conference.

Herter for the most part—and particularly about his lack of optimism on Geneva—simply was restating what he had said or implied before.

His ease in handling the newsman is no guarantee he will be a good secretary of state. The proof and the test lie before him: He has 18 months in the job before the Eisenhower administration ends.

Little Forcefulness
So far he has shown very little sign of forcefulness. But that proves nothing—yet. He's not the type anyway to come in with a roar. He has a choice: Follow Dulles' policy or try to break new ground.

Dulles' policy was frozen and in many ways unimaginative. He just followed the Truman-Acheson policy of stiff-arming the Soviets on all fronts. That worked all right so long as the Soviet Union was comparatively weak.

It isn't now. American policy may have to prove far more flexible to meet the changing times, new situations, and increasing belligerence of the Soviets. Herter hasn't had time yet to show himself or prove himself.

So the sentence structure of Herter, a "proper Bostonian" from Harvard. But Herter is easier to follow. His sentences are shorter, more direct. He has a simplicity Dulles lacked.

Dulles ran the State Department out of his hat. Often he gave an impression of arrogance. Herter, who depends on teamwork, seems a less complicated man of good nature and good will.

He was relaxed Thursday, al-

Abandoned Body Too Much for Him

Swiss Guide Makes Perilous Descent to Remove Italian Who Died in '57 Peak Climb

GRINDELWALD, Switzerland (AP)—"I had to go and get him down. I could not stand the sight of it anymore."

"For two years I had the vision of the body suspended on the wall before me. Every time my eyes turned toward the Eiger, I had the terrible vision of this abandoned body. It became a kind of obsession with me."

Had to Do Something

"As a guide and a Christian, I had to do something. That is why I volunteered."

This was Adolf Jaun's explanation of his perilous descent Thursday on a steel cable to remove the body of Stefano Longhi, who died two years ago trying to scale the north face of 13,000-foot Mt. Eiger.

Longhi and another Italian mountaineer, Claudio Corti, went to the Eiger on Aug. 3, 1957, and had climbed together for a week before their fall. Both were pinned to the mountain face, hanging by their climbing ropes.

Planes flew winches and steel cables to the top of the Eiger, and a guide was lowered. Corti was hauled up Aug. 11, but a violent blizzard stopped rescuers from going after Longhi. The next day observers scanned the vertical rock wall with telescopes and found the 44-year-old Italian had died during the night.

Cold Preserves Body

Attempts then to recover the body were abandoned because of the extreme danger. But the body at times could be seen clearly from Grindelwald and the surrounding valley. A Dutch newspaper offered to finance a new recovery attempt.

Again winches and cables were flown to the peak and set up by a group of 15 Swiss guides. Jaun volunteered and swinging precariously from the steel cable, he made the recovery in a shower of brittle granite. The body had been perfectly preserved by the cold.

Shokan

SHOKAN — Mr. and Mrs. Denis T. Lynch, New York City, spent the weekend at their Shokan place adjoining the new YMCA camp along the mountainside. The couple's daughter, Mrs. E. Petersen, and children of Seaford, Del., are now at their mountain property, the former Baptiste Nadal farm where improvements to the buildings are being continued. The place in days before the waterworks was the John Weeks homestead. Callers in the village Sunday included Mr. and Mrs. John Scudi and two children of Laurel Drive, Springfield, N. J. The family are frequent visitors to the mountains and they hope to locate here some time.

Mrs. Albin Embler has returned to Washington, D. C. where she has been employed by the government for many years. While visiting relatives in her old home town, the former Mabel Greene called on her octogenarian mother, Mrs. Charles Greene who has made her home on Marius Street, Kingston, since leaving Shokan last year. Mrs. William J. Loos and youngest daughter, Patricia, have returned to Inwood, L. I. following a brief sojourn at their Ridge Road bungalow. They plan to come here again in August for a longer stay.

Mrs. Oscar Blount, Clintonville, was numbered among the numerous callers in the hub of the reservoir country Tuesday.

Mr. and Mrs. Richard H. Smith who were married June 28 at Woodstock, will reside in Portsmouth, Va., following their wedding trip to the Pocono Mountains, Pa.

Mrs. Jack Justice and daughter have returned to Miami Beach, Fla., after having spent a week with their friend, Mrs. Kendall Every, and family.

Jay Wenk of Piney Point Road, Mt. Tremper, was a local caller recently. Wenk, a graduate of Julliard School of Music, has been successful in composing classical piano solos and chamber music as well as in modern ballet.

Shirley McDermott, Samuel L. Bailey Wed In Double Ring Rites at Saugerties Church

The wedding of Miss Shirley A. McDermott of Barclay Heights, Saugerties, and Samuel L. Bailey of Chatham took place Saturday, June 27, 2 p. m. at the Saugerties Reformed Church with the Rev. Harold E. Pangburn, pastor, officiating at the double ring ceremony.

The bride is the niece of Mr. and Mrs. James H. Reddick of Baldwinsville and Mr. Bailey is the son of Mr. and Mrs. Clarence L. Bailey of Chatham.

White snapdragons and candelabra decorated the church. Mrs. Florence Wemple was organist.

Given in marriage by her uncle, the bride wore a gown of white brocade fashioned with a basque bodice, shirred sleeves and a cinched neckline. The short full skirt featured a harem drape. She wore a matching bridal cap to which was shirred the French illusion chapel length veil. Her flowers were white gladioli on a white Bible with streamers and ivy entwined.

Matron of honor was her sister, Mrs. William Mulvihill of Barclay Heights. She was attired in a copen blue gown of yarn dyed taffeta, identical in styling to the bride's gown. She wore a cloche of silken leaves with a circular tulle veil, and carried a plateau basket of pink and yellow daisies.

Robert B. Lappies, of Chatham, brother-in-law of the bridegroom, was best man. Ushers were Richard L. Walton of Simons Park, Saugerties, brother-in-law of the bridegroom and Edward McDermott of Baldwinsville, brother of the bride.

Following the ceremony a reception was held at the church hall.

The couple will make their home at Lake Katrine following a wedding trip to Canada. For traveling the bride chose a beige sheath dress with orange accessories and a white orchid.

Mrs. Bailey is a graduate of the Syracuse General Hospital School of Nursing and for the past year was employed as school nurse in Saugerties Central Schools.

The bridegroom attended Siena College and served four years in the U. S. Air Force.

MRS. JOHN W. PETERS

Marlene Patricia Mestier and John Peters Are Married July 4 at St. Peter's Church

Miss Marlene Patricia Mestier of 4 Ponckhockie Street, and John Warren Peters were wed before a nuptial Mass at St. Peter's Church Saturday, July 4, 11 a. m. The Rev. William V. Reynolds performed the double ring ceremony and delivered the Papal blessing.

Miss Nan Goldrick was organist and Martin F. Kelly, uncle of the bridegroom, was soloist. He sang Ave Maria, Mother Beloved, Panis Angelicus and at Communion, O Lord I Am Not Worthy. The altar was decorated with white gladioli and majestic daisies.

The bride, daughter of Mrs. James Edmond Mestier of New Orleans, La., and the late Mr. Mestier, was given in marriage by her brother, James J. E. Mestier of St. Kitts, British West Indies. Her princess style gown was of pearly soie and Alencon lace with a fitted bodice, abbreviated sleeves and a high Sabrina neckline. The full skirt terminated in a chapel length train. Her pillbox headpiece of matching lace and crystal pleated tulle secured the fingertip French illusion veil. She carried a white orchid and white roses in a cascade arrangement.

Miss Agnes M. Wilke of Bullville was maid of honor. Bridesmaids were Mrs. Phyllis Mauro, sister of the bridegroom, Miss Viola Taylor of Washingtonville and Miss

Genevieve Tomaszewski of Middletown. They were attired in pale aqua organza gowns styled with fitted bodices, short sleeves and Sabrina necklines. The full skirts were waisted length and they wore matching cloche headpieces. They carried cascades of yellow roses.

Miss Joanne McNierny, cousin of the bridegroom, was flower girl in a pale aqua gown styled similarly to the other attendants. She carried a princess basket of pastel flowers.

George F. McArdle of Kingston was best man. Ushers were Nicholas Mauro Jr., brother-in-law of the bridegroom, Vincent C. Post and Fran Suppiger Jr., cousins of the bridegroom, all of Kingston.

A reception for 125 guests was held at the Flamingo Restaurant, Saugerties, following the ceremony. Following a wedding trip to the Pocono Mountains, the couple will reside at 115 Wrentham Street.

The bride was graduated from Ursuline Academy, New Orleans, La. Mr. Peters, a graduate of St. Peter's School and Kingston High School, is employed with IEM Federal Systems Division, Kingston. He is the son of Mr. and Mrs. Philip E. Peters of 32 Hoffman Street.

SAYING GOOD-NIGHT IN HOTEL LOBBY

Dear Mrs. Post: Recently my wife and I and nineteen-year-old daughter went to New York for a short visit and stayed at one of the larger hotels. We had adjoining rooms. While there, my daughter had a date with a young man she knew. Knowing that the young people would not be home until after my wife and I had gone to bed, I told my daughter to get her key from the desk and say good-night to the young man at the elevator in the lobby. Both thought me an old "fuddy-duddy" because I insisted on this. Perhaps I am behind the times but when I was a young man the proprieties demanded this. Will you please tell me if this has changed?

Answer: The proprieties have not changed, and the fact that they are on occasion disregarded does not mean approval. Your directions were absolutely correct. The proper place for her to say good-night was at the door of the elevator in the lobby.

Wedding Invitations From Acquaintances

Dear Mrs. Post: I live in a small town where it seems to have become the accepted custom to send wedding and shower invitations to everybody in town, even the slight acquaintances. I enjoy buying gifts for relatives and close friends but I resent having to buy presents for people I hardly know. Would it be permissible to ignore such invitations?

Answer: You may certainly refuse the invitations of persons whom you hardly know, and very certainly you are under no obligation to send a present.

The Bridegroom's Father and Stepfather

Dear Mrs. Post: My daughter is going to be married soon and we have a problem concerning the receiving line. The groom's mother and father are divorced and remarried. The groom is on good terms with both his father and stepfather. We would like to know who should stand with his mother to receive—his own father or his stepfather?

Answer: His stepfather. Mrs. Post offers readers leaflets on a variety of subjects concerning etiquette. If you would like to have her leaflet E-30, entitled, "Table Setting," send 10 cents in coin to Dept. E.P., in care of The Kingston Daily Freeman, P. O. Box 99, Station G, New York, 19, N. Y. Mrs. Post is sorry she cannot answer personal mail. (Released by The Bell Syndicate, Inc.)

ILA Job Assured For Bradley as Anastasia Bows

MIAMI BEACH, Fla. (AP) — William V. Bradley has been left without opposition in his bid for re-election as president of the International Longshoremen's Assn. Tony Anastasia, Brooklyn waterfront boss, withdrew from the race Thursday. He reportedly got little campaign encouragement from South Atlantic and Gulf Coast division delegates.

"I love the ILA and if I stayed in the race it might break the union," he said in a speech to the Atlantic Coast division.

Then he shook hands with Bradley, wished him luck and said he hopes the former tug boat captain "will do better in your next term."

United States railroad payrolls totaled almost five billion dollars in 1958.

Qualifications For School Board Voting Are Listed

Qualifications for voting in the Saugerties District School Board election Wednesday from noon to 9 p. m. at Main Street School were listed today.

Qualifications for voting are as follows:

A person shall be entitled to vote if over 21 years of age, a citizen of the United States, and a resident within the district for 30 days preceding the meeting. Such voters must own or be the spouse of an owner, leases, hires, or is in possession under a contract of purchase of real property in the district. The occupation of real property as a lodger or boarder shall not entitle such person to vote.

A person qualifies if a parent of a child who has attended the district school for a period of at least eight weeks during the year prior to the meeting, or has residing with him a child who has attended the required time.

Tuesday prior to the election at 7:30 p. m. in the Main Street School, district taxpayers will vote on the proposed \$1,436,179-40 budget and two propositions relating to the school board terms of office and the contract period for transportation agreements.

One proposition will be to change the term of office of a board member from five to three years.

Another proposition will be to change the term of the transportation contract period not to exceed three years. The present term is one year.

Letters to Editor On School Voting

Dear Sir:

In the coming annual school board election we, of the Saugerties Central School District once again have a candidate for office who is seeking to take representation away from a large rural section of our school district. We have heard the arguments to the effect that any one can represent any area, but this is only a partial truth and has never been the American way of government.

Let us consider transportation. It is surely better to have a resident representative because a person living at a distance cannot know the particular problems of an area as well as a person who lives there.

Anyone living on Barclay Heights does not know the transportation problems of the John Joyce Road or the Manorville or West Saugerties Roads, any more than a resident of those areas knows village problems.

When questions arise it is very helpful to parents to have a board member known to them and familiar with their difficulties. The rural areas have not tried to take away village representation. Let's play fair and keep representation equal and according to the American way of government.

LUCY GILLISON
Mt. Marion

Dear Editor:

Through the weeks and years of bringing about a centralized school district in Saugerties, rural residents were concerned

about having a voice in school matters. At the time of centralization it was suggested that there be four rural resident board members, four village resident board members and a Glasco board member. The rural areas were unofficially divided into four sections of approximately equal student population. Until the 1958 school election representation from these areas was maintained. Since that time we have had two board members from an area with 307 students, while an area with 511 students has had no resident representation.

This year's election finds us facing another unfair contest with the possibility of five school board members from the village which would leave another rural area of 205 students without resident representation.

The difficulty in adhering to the original distribution of board members may be due to the lack of knowledge on the part of many voters, especially the newer residents who did not have the opportunity of working for the centralization of our schools. There are many opportunities for furthering cooperation between the village and rural areas without causing dissension and disruptions.

Mary Lasher has ably served her resident area on the school board and should be reelected so that this area will continue to have representation.

Methodist Pastor To Attend Drew Evangelism Talks

The pastor of the Saugerties Methodist Church, the Rev. George Werner, district director of Evangelism of the Kingston District of the New York Conference Methodist Church, will attend a conference on Evangelism July 13 to 17, at Drew University in Madison, N. J.

This conference is sponsored by the Northeastern Jurisdictional Board of Evangelism and the General Board of Evangelism of the Methodist Church. Dr. Allen Claxton of New York City Broadway Temple, director.

Bishop Glenn R. Phillips, resident bishop of the Denver Area of the Methodist Church, will be the spiritual counselor and devotional speaker at the five day conference.

The associate secretary of the General Board of Evangelism, Dr. Berlyn V. Farris, will direct the sessions on "Training Laymen for Evangelism."

Dr. Wayne Lindecker will direct the session on "Coordinating Education and Evangelism in the local church," and Dr. C. Lloyd Dougherty who is the National Director of the Local Church Commission on Membership and Evangelism, will direct the sessions on "Evangelism and the Local Church."

This conference on evangelism is to prepare the local churches for their United Evangelistic Mission which will take place in Saugerties Oct. 24 to 29, when members of the local church will visit prospective members, inviting them into the church.

Lutheran Church Lists Activities

Activities for the week and coming events at the Evangelical Lutheran Church of the Atonement, Saugerties, were listed today by the Rev. Walter Cowen, pastor.

Vacation Bible school will be conducted August 3 through 14. Registrations should be made now to issue sufficient materials for the pupils.

Sunday, July 19, the Rev. Walter Cowen will conduct the Sunday morning devotionals over WGHQ. The time of the Sunday morning devotionals has been changed from 8:30 a. m. to 9:05 a. m.

The Church Council will hold its regular monthly meeting on Tuesday, 7:30 p. m. at the church. The semi-annual financial statement will be presented by Louis Snell of Mt. Marion Park, for analysis and discussion. The report will be included in the next issue of the Tidings to be sent to the congregation. To provide a record of their stewardship and an acknowledgment of their contributions, members of Atonement will receive the second quarterly acknowledgment of contributions, which will include a statement for April-May and June and total contributions for the first six months of 1959.

The following members of Atonement are planning to attend the 28th annual Leadership School of the N. Y. and N. E. Synod of the United Lutheran Church, at Silver Bay, Lake George, July 18-24: the Rev. Mr. and Mrs. Walter Cowen, Miss Margaret Gippert, Mrs. Charles Gippert, and daughter, Ruth, Miss Patricia Sloboda and Miss Charlotte Bell.

Three children were received by the Sacrament of Infant Baptism, Sunday July 5 at the church.

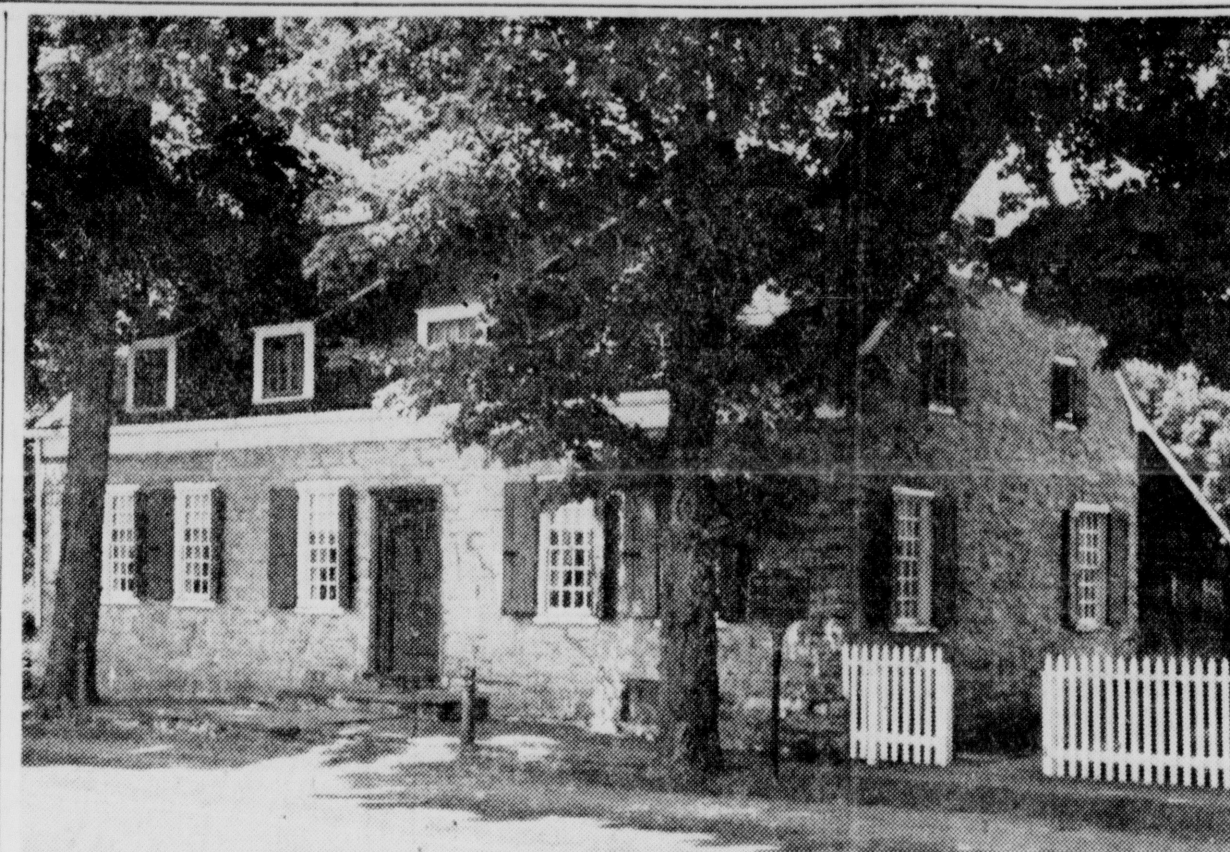

Children baptized by the pastor were: Debra Igeborg Holzhauser, born May 1, 1959, daughter of Mr. and Mrs. Heinrich August Holzhauser of Malden. Sponsors were Mr. and Mrs. Paul Guentert.

Jeffrey Richard Mann, born Sept. 22, 1958 for whom Mr. and Mrs. Holzhauser of Malden were sponsors.

Ernest Walter Mann, born April 25, 1956 for whom Mr. and Mrs. Charles Brandt were sponsors. Mr. and Mrs. Ernest Mann, 40 Montrose Avenue, Kingston, are the parents.

Reds Fear New Unrest In Poland

KRASNIK FABRYCZNY, Poland (AP)—Communist authorities still show uneasiness two weeks after a religious riot in this town in southeast Poland they thought was a Communist showpiece.

Orders are out for more arrests in a roundup to check agitation for construction of a Catholic church. Local persons say at least 300 have been picked up, although officials say no more than 20 are under arrest.

Tadeusz Marx, Communist chief in the town and chairman of the local council, warned:

"Before we build a church, which would cost millions of Zlotys we must build more schools which also cost millions."

Roman Catholic officials said the Communists are reluctant to admit that residents of their "model" town prefer a church to other new buildings.

Communist militiamen armed with submachine guns nightly patrol Lublin, the nearest big city, in fear the unrest will spread there.

2 Montreal Men Face Prison, Lash On Drug Charges

MONTREAL (AP)—Two Montreal men were held without bail today on narcotics charges after police seized drugs worth about eight million dollars on the underworld market.

Giuseppe (Pepi) Cotroni, 45, and Rene (Bob) Robert, 31, entered no plea when arraigned yesterday on charges of trafficking in narcotics and conspiring to traffic with unknown persons.

Maximum sentence on each charge is 14 years and the lash. The pair also is wanted by Chicago authorities on charges of possessing bonds stolen in a \$1/2 million-dollar robbery of the Brockville, Ont., Trust and Savings Co. last year.

Asst. U. S. Atty. James B. Parsons said in Chicago his office wants to obtain an extradition order for the pair as soon as possible. But he said he would not press for their surrender while Canadian authorities want them in Canada.

Parsons said he and the crown attorney in Montreal had agreed to cooperate in preliminaries of both the bond case and the narcotics prosecution.

Officers said the case may be one of the biggest in modern criminal annals.

Prosecutor Joseph Cohen told the court in opposing bail that the operation was "so big and extensive that any bail would not ensure the presence of the two accused at the time of trial." A preliminary hearing was set for July 16.

Korea, caring for GI orphans and making them eligible for adoption. The Weidts lived in the Saugerties area for several years and the Rev. Mr. Weidt was instrumental in obtaining job assurances for hundreds of refugees under the Lutheran Refugee Service. The Rev. Arthur Spert of 1 North Street, Saugerties has been in the Veterans Administration Hospital, Albany since Monday.

More Stone Houses Are Listed for the 11th Annual Hurley Open House Day on Saturday

Preparations are complete for the opening of 13 of the old Dutch Stone Houses of Hurley Saturday, from 11 to 5 p. m. The annual event is under the auspices of the Women's Guild of the Hurley Reformed Church. Tickets for the tour may be purchased at the church Saturday. This is the 11th year the old houses have been open to the public.

The tour this year includes many houses some distance from the village street, and bus service has been provided, included in the price of the ticket, to take visitors to the houses, several of which have not been open before.

A cafeteria will be open in the Sunday school room of the church from 12 noon throughout the afternoon, where ladies in Dutch costume will offer home cooked food for lunch, tea or early supper. The youth group of the church will have three snack bars at various points along the tour for quick refreshment.

Fifty ladies in Dutch costume will act as hostesses, welcoming guests to each house and telling what is known about each. Three houses in the village proper particular interest are the Jan Van Deussen House, the Col. Gerardus Hardenbergh House and the John P. Elmendorf House.

The Van Deussen House, built in 1723, and now the home of Miss Ruth Waterbury, was the home chosen by the Committee of Safety for their meeting place after they were driven out of Kingston by the British destruction of 1777. As this was the government of New York

Tire Buying Must Come by Bidding Utica Mayor Rules

UTICA, N. Y. (AP) — Mayor John T. McKernan refuses to sign legislation that would legalize city purchase of tires without competitive bidding.

A special Grand Jury is investigating past buying practices, in which tires were reportedly bought from two favored firms at prices up to 40 per cent more than available elsewhere.

The common council last Wednesday passed an ordinance that would have authorized future purchases without competitive bidding. McKernan, a Democrat, protested the move by the council, which is controlled by Democrats.

McKernan vetoed the proposed ordinance Thursday. He said the state comptroller's department had advised him that it would not be legal for the city to drop the competitive - bidding requirement for its tire purchases.

The Grand Jury probe of tire buying is part of a sweeping investigation by the state into crime, vice and alleged government misconduct in Utica.

To Keep Both Jobs

JAKARTA, Indonesia (AP)—Indonesian strongman Sukarno said today he plans to keep both his jobs as President and Prime Minister for five years.

He told newsmen he intends to concentrate on building the nation's strength economically and socially.

Sukarno has assumed dictatorial powers but says he does not intend to act as a dictator.

'58 Banner Year For Bank Robbers

WASHINGTON (AP) — Bank robbers were busier last year than in any year in history, the FBI reported today.

The report, for the fiscal year ended June 30, showed 764 violations of the federal bank robbery law. They included 445 robberies, 233 burglaries and 86 larcenies. The total compared with 631 violations in the previous fiscal year and 606 in 1952, at the height of the gangster era.

Equitable Life Names H. F. Lown District Manager

The promotion of Herbert F. Lown of Kingston to the position of district manager for the Equitable Life Assurance Society of the United States in the Pittsfield District was announced today by Agency Manager John W. Neuhs of Albany.

Neuhs said Lown would be responsible for the Equitable's activities in Berkshire County, Mass. and in the Counties of Bennington and Rutland, Vt.

Installation Held
An installation luncheon was held at the Wendell-Sherwood Hotel, Pittsfield, on July 1, the date of Lown's appointment to his new duties.

Lown, who has been associated with the Equitable for the past 10 years, both as an agent and an assistant district manager, and his wife, the former Mary E. Gillo, of Cornwall, plan to move from Kingston to Pittsfield, Mass. in the near future. The Lowns have four children.

The new district manager is a graduate of Kingston High School, State Teachers College at New York State College for Teachers at Albany. Lown taught in the public schools at both Washingtonville and Goshen. During World War II, he served on active duty with the United States Naval Reserve in both the Atlantic and the Pacific Theaters. Having entered the service as an enlisted man, he later was commissioned upon graduation from The Reserve Midshipman's School at Cornell University.

In Local Activities
In community service, Lown is a member of the Greater Consistory of the Fair Street Reformed

Report Progress
On Moriello
Park Pool Work

Ashton Hart, president of the Mike Moriello Park Board announced today that the fourth wall of the swimming pool is finished, the interior is being painted and should be ready for use shortly.

The original schedule called for opening by the first of July. Mr. Hart says that he could use some volunteer help for painting and doing other odd jobs, and hopes that some of the men of the community will offer their services.

Bond sales have reached a total of \$9,175 to date, but the board feels that an extra push is needed in order to sell the entire issue of \$12,500 by July 15. The cost is more than originally anticipated and in order to avoid taking out a large additional mortgage, all the bonds must be sold. Mrs. Barbara Donohue has been in charge of the bond sale while her father, Dr. Robert Reid, is on vacation. She asks that all salesmen please turn in their sales to her as soon as possible. The board must have the complete report on the sales by July 13.

As the past, the Bontecou Farm of Tullia and Norman Keller will be the site of the celebration.

A committee headed by John T. Schreiber is making arrangements. Among Schreiber are Mr. and Mrs. Arthur Jorgensen, Mrs. Byron J. White, Fred Michel John Beattie, Jack Campbell and William H. Gruner.

Mrs. Byron White is in charge of the tickets, which may be obtained from members of the committee.

No-Trump Play Always Risky

BY OSWALD JACOBY
Written for NEA Service

South was tempted to go to seven no-trump after his partner showed two aces but he was a little worried about his fourth club and decided that seven hearts would be a better contract.

When he saw the dummy he decided to play the hand as if it were no-trump and proceeded to run off his high cards in the hope that either clubs would break, someone would discard long clubs or that a squeeze would develop.

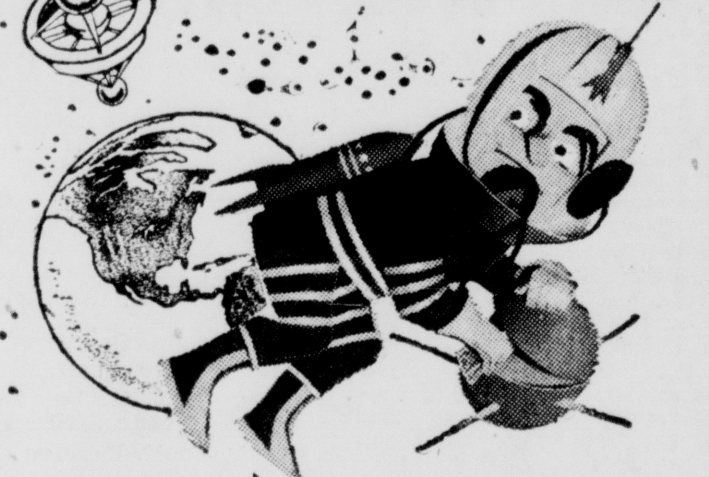

None of that happened and when the smoke of battle had cleared away South was down one and the rubber was still going on.

South should have made the hand by taking advantage of the trump suit. The winning play would be to draw two rounds of trumps only and then go after the clubs. Since West held three trumps and four clubs South would have been able to trump his fourth club in the dummy.

This play would have risked nothing. He could not lose the hand unless the player with the short clubs held the long trump and in that case he could not have made the hand anyway.

Mrs. Harris Selected For Sarazen Foursome

Mrs. William D. (Chris) Harris, The Twaalfskill Club champion and Triple Crown winner in 1958, has been invited to compete in the foursome featuring Gene Sarazen at Woodstock Country Club on Sunday, July 19.

The Germantown golf immortal, who has won every major title in golf and is ranked among the greatest in the history of the game, will play an 18-hole exhibition for the benefit of St. Joan of Arc's Church in Woodstock.

Mrs. Harris scored an unprecedented grand slam last season when she posted low gross in the Wiltwyck, Twaalfskill and Woodstock Invitational in successive weeks. She then repeated as Twaalfskill club champion.

On Tuesday of this week, Mrs. Harris extended her string of Invitational triumphs to four straight with a score of 82 at Twaalfskill. She was on vacation during the Wiltwyck Invitational and will miss next Tuesday's Woodstock tournament because of the Port Even celebration of the Hudson-Champlain festival.

Two other members of the foursome with Sarazen will be announced later.

Ackert's 102 Ks New NL High

The V.F.W. Pirates lost a ball game in the National Little League yesterday, but their ace pitcher, Bruce Ackert, came on in relief to shatter the league record for strikeouts in one season.

Taking over from starter Greg Munson, the fireballing Ackert struck out 13 batters to boost his seasonal total to a record high of 102. The old mark of 96 was held by Bill Murphy.

Despite Ackert's pitching heroics, the Canfield Electric Braves ground out a 7-3 victory on a six-hitter, Joe Nalepa went the route for the winners, scattering eight hits effectively and whiffing eight. The Braves scored at least one run in every inning.

One of the Braves' six hits was a solo home run shot by Mike Bradley in the fourth inning. Richie Kelder, Frank Bell and Nalepa connected for doubles. Ackert and Terry Noble hit two singles apiece for the Pirates.

Braves 112 111-7 6
Pirates 000 102-3 8
Joe Nalepa and Ed Mills: Greg Munson, Bruce Ackert and Tom Primo, Willy Hayes.

Gallo's Retains League Lead

Nips Hilltop, 3-1, in Rec Softball Loop

Gallo's retained its slim first place margin in the Rec Softball League by nipping Hilltop, 3-1, yesterday. In another loop encounter, Lincoln Park dropped Hercules, 9-3.

The standings:

Joe Amato made a running one hand catch on a bid by Jack Houghtaling for a tying homer to save Gallo's victory. Bob Lasher toiled a two hitter for the winning club. He walked three and struck out four.

The winners scored three times in the first frame and were then blanked by Frank Boyce the rest of the way. However, the runs stood up.

The Lincoln boys banged 11 base hits including a home run by Will Higgins and Dom Parise's triple. Vince Carpio was the winner. He allowed six hits. A six run seventh inning decided the contest in favor of Lincoln Park.

Woodstock Invitational Plans Play in Foursomes

Because of the large number of entries expected, the women's division of Woodstock Country Club has announced that play in next Tuesday's annual Invitational will be in foursomes.

Twosomes and singles will be matched up with other players on the first tee to make up foursomes.

A delegation of 15 players has registered from the Powelton Club of Newburgh. All area clubs, including Stamford, will be represented in the field.

Kingston Tennis Tournament Scheduled to Start July 25

Men's single play in the annual Kingston Tennis Tournament will start Saturday, July 25, at Forsyth Park. Entrants should submit their name, address and phone number to Chairman Ed Lacy not later than July 23.

Matches will be on a best of three basis. George Baron is defending champion. He is expected to have his work cut out for him as he tries for his third straight championship.

AL Firemen Nip Masons by 2-1

Jack Spinneweber of the Fire-

men and Gary Van Etten of the Masons hooked up in an old fashioned pitcher's duel in the American Little League, the former gaining a 2-1 decision.

The Firemen, who managed five hits off Van Etten, scored their winning tallies in the fifth inning. Spinneweber limited the Masons to three hits and pitched shutout ball after the first inning. Van Etten fanned nine.

Pat Manfro's double for the Masons was the only extra base blow of the game. Joe Valli and Bill Kennoch hit two singles apiece for the Firemen. John Thompson had the other Dale Brown and Frank Wasielewski accounted for Mason singles.

By CHARLES J. TIANO

Freeman Sports Editor

The folks at Monticello Raceway are wearing wider smiles these days.

Early returns on the 1959 season are rosy compared to the final, dismal showing of the inaugural year, when the oat burners failed to arouse the natives from their bucolic lethargy.

The 4th of July weekend apparently convinced all those who have followed the affairs of the infant Raceway that the confidence of the founders of the newest harness track in the state was more than justified.

Frank E. Devlin's track was actually second in the whole United States on July 4, second only to that junior Fort Knox at Yonkers. The July 4th attendance figures around the country ran something like this: Sportsmen's Park, Chicago, 4,807; Buffalo Raceway, 7,133; Baltimore Raceway, 5,354; and Monticello with a tremendous 8,066.

There are presently 12 harness tracks in the entire country holding racing meets and the Monticello president proudly states: "We haven't scratched the surface and are operating the second busiest." Devlin's pronouncement will fall on far more receptive ears than would have been the case in mid-1958.

Public Interest Increases:

In 1958 the July 4th weekend produced 10,577 who bet \$389,628 as compared to 1959 producing 14,132 fans who bet \$599,244. The amazing statistical study shows that in 1958 the track had nine races a night as compared to eight races a night for 1959 and still the per capita betting is up more than 10 per cent.

Another statistic that warms the hearts of the Monticello Raceway investors is that, in spite of the fact that in 1959 the season commenced June 18th as compared to June 27th in 1958 and that nine nights in 1959 brought rain or fog, the handle in 1959 is still ahead of 1958. This is truly an optimistic picture since the 1959 season, to date has been running in an off season compared to 1958 being run during July's holiday season.

Frank Devlin, who spearheaded the successful reorganization of the track between seasons, has reason to smile, but he is cautious enough to proclaim, "We are going to be the third largest track in the state, only with a lot of hard work and it will take some time, too."

There Were Troubles Plenty:

Monticello had more than its share of troubles in its first season, not the least of which was the disappointing mutual handle and such minor items as poor relations with the area press.

The latter item has been straightened out satisfactorily and the chartering of a United States Harness Writers Association charter at Monticello will make for better public relations all the way around.

Area writers will never forget the reception they got on opening night in 1958. After carefully building up the opening of the nearby track they moved into Monticello, anticipating the soft and luxurious comfort of the spacious pressbox. There was one slight hitch. The boys from the metropolitan area had taken over all the pews. The big wheels from the big city quaffed the liquid spirits of Monticello, consumed food in bacchanalian quantities, went back home and forgot about the harness track in the mountains.

Monticello's public relations in 1958 were handled by a high powered New York agency. We don't know whether the Monticello officials got their money's worth for the substantial tab the agency must have submitted at the end of the season.

It is significant that the New York agency was dropped and a local newspaperman, Art Sugarman, was drafted to handle the PRO. Up to this time, Sugarman has been doing a tremendous job, while maintaining cordial relations with the small town boys of the pressbox. The results of this improved camaraderie are evident on any area sports page. It couldn't have happened under the old setup.

Soap Box Derby Set in Hudson

Eighty six boys between the ages of 11 and 15 will compete in the annual Soap Box Derby eliminations Saturday at Hudson.

The winner of the Hudson competition will go to the national finals in Akron, Ohio, and be eligible for a score of local prizes.

More than 1,000 Columbia county boys have "gone down the hill" since the derby was instituted 15 years ago by Joseph Murrell. The race will start at 2 o'clock on Union Turnpike (Route 66) Hudson.

The winner of the event will get an all-expenses paid trip to compete in the nationals in Akron on August 16, 1959.

Craig Sparks Dodgers To Win Over Milwaukee

Maybe you remember Roger Craig, the big right-hander who made his rookie debut with Don Bessent in mid-1955 and gave the Dodgers a double lift to the National League pennant and their only world championship.

He won 12 in 1956, then lost the touch. So did Bessent, and they wound up in the minors.

Now Craig's back and he's got the touch again. Unbeaten, he won his fourth in a row Thursday night, with 11 innings of three-hit shutout relief that paid off with a 4-3 Los Angeles victory in 13 innings over Milwaukee — tumbling the Braves from first to third and hoisting the Dodgers to second place.

Giants Now Lead
The San Francisco Giants jumped into the National League lead, by a half-game over the Dodgers and a full-game over the Braves, with a 3-2, ninth inning victory at Cincinnati that ruined Fred Hutchinson's debut as manager of the Reds.

Reliever Elroy Face won his 18th in a row, 13th this season, as third place Pittsburgh defeated the Chicago Cubs 4-3 in 10 innings.

Philadelphia and St. Louis split a two-night doubleheader, the Cards winning 6-2 after the Phillies had taken the opener 11-0 behind Gene Conley's seven-hit pitching.

Craig's brilliant relief job out-dueled a two-man try by Braves' starter Joey Jay and Warren Spahn, the loser in relief. They had blanked the Dodgers after Norm Larker's tying, three-run pinch homer in the third.

Craig, following starter Danny McDevitt, retired 26 of the first 27 men he faced. He walked none, struck out three.

Spahn Bows Again
Spahn (10-9) gave up five hits and struck out five (for a total of 13 Dodger whiffs) while losing his fifth in a row to the Dodgers, fourth this season. Always a jinx for the great southpaw, the Dodgers have a 29-14 edge over Spahn.

Willie Mays singled, stole second, then rolled home on Daryl Spencer's single for the Giants' winning run. It came off reliever Tom Acker (1-2), who came on after Don Newcombe was lifted for pinch-hitter in the eighth. Sam Jones (11-8) was the winner in relief.

A pinch single by Harry Bright won it for the Pirates and Face, who had given up a tying single by Tony Taylor in a two-run Cub ninth after relieving Vern Law. Bill Henry (5-4) lost it in relief.

Face, the most consistent winner ever among relievers, now has a string of 19 scoreless innings and an 0.80 earned run average while topping the majors in victories.

Gene Freese hammered his third grand-slam of the year and Harry Anderson hit a two-run homer in support of Conley (7-5). Ernie Broglio (3-6) was the loser. Larry Jackson (8-7) then won the nightcap for the Cards with Ken Boyer's third-inning home run clinching it against Robin Roberts (5-8).

Newburgh Driver Scores First Win

Bob Green of Newburgh won the first feature event of his racing career at Arlington Speedway Wednesday night.

In his win, Green had to survive a qualifying grind against 55 entries. Bill Kasper of Shrub Oak finished second and Ivan Jennings took third place.

The ladies event was won by Anita Trabasso of Yorktown, with Loretta Boo of Pawling, second and Judy Palmieri of Wappingers Falls third.

Bill Scheffel of Kingston went through the backstretch fence during a pileup in the sixth lap, but escaped personal injury.

Birds, Kansas City Get Double Shutouts

By ED WILKS

Associated Press Sports Writer

Two pitchers combining for a doubleheader shutout over one club is rare in itself. Occasionally it happens twice in one season.

But it happened twice in the American League Thursday night.

While Chicago's second place White Sox moved within one game of Cleveland by beating the Indians 4-3, Baltimore's kid right-handers, Milt Pappas and Jerry Walker, blanked Washington 8-0 and 5-0 in a two-night doubleheader. And Kansas City's Ray Herbert and Johnny Kucks each pitched five-hitters while whitewashing Detroit's tumbling Tigers 5-0 and 4-0.

Six Straight Losses

The Tigers, who have lost six in a row, hadn't been handed a doubleheader shutout since Chicago's Marv Grissom and Joe Dobson did it on May 5, 1952. It hadn't happened to the Senators since Cleveland's Herb Score and Mike Garcia pulled it off Sept. 19, 1956.

The sweep by Baltimore lifted the Orioles out of a third place with the New York Yankees, who were walloped 14-3 by Boston. The Senators managed only one extra-base hit among their 11 off Pappas (9-4) and Walker (7-3)—a first game triple by Bob Allison. Walker allowed only four singles while gaining a 4-0 record over Washington in his brief major league career. He has two shut-

outs in the majors—both four-hit jobs on the Nats.

Both youngsters walked but one man and struck out five. Pappas, also pitching his second shutout in the majors and like Walker just 20, was backed by Billy Gardner's two-run homer and Gus Triandos' solo 21st. Bob Nieman hit a two-run homer in the nightcap after Brooks Robinson stole home in the fifth for the only run Walker needed. Russ Kemmer (5-8) and Pete Ramos (9-8) were the losers.

First Shutout

Herbert, pitching his first shutout since breaking into the majors in 1950 with the Tigers, walked two and struck out 10 while beating his ex-mates for a 6-7 record. Kucks, late of the Yankees, walked two and fanned three for a 3-4 record and his first complete game in 13 starts since June of last year.

Bob Cerv belted home runs in both games for the A's, getting his 10th in the opener against his 11th with a man on the nightcap against Ray Narjeski (4-9), who also gave up a home run by Bill Tuttle.

Jim Landis drove in three runs for the White Sox and Bubba Phillips clinched it with a sixth-inning home run off loser Herb Score (9-6). Pierce (9-10) went all the way for the victory after losing three in a row. Jim Baxes extended the Indians' home run streak to 18 games.

Vic Wertz and Ted Williams

each hit solo sixth home runs for the Red Sox, and Bobby Avila, batting .174, drove in four runs with a pair of homers. Bob Turley (8-8) gave up only three hits in his 2 1-3 innings—but all were home runs. Frank Sullivan (5-5) was the winner for a 3-10 lifetime mark against the Yankees, who scored all their runs with two out in the fourth on Hec Lopez' single and doubles by Elston Howard and Gil McDougald.

Popfinger, Wilson Share Riding Lead at Monticello

MONTICELLO — At the end of three weeks' racing at Monticello Raceway William Popfinger, 22 year old reinsman from Wexford, Pa., and Don Wilson, 35 year old Millmont, Pa., driver deadlocked as the winningest drivers.

Both won their 9th race of the young campaign. Wednesday, the final night of the week. Close behind, with 8 victories, is Carmine Abbatiello, 23, of Staten Island. He is one of three drivers who have won three races in a single night. Carmine was joined in this circle this

past week by Pat Iovine, Brooklyn, and Joe Adamo, of Harrington, Del.

Other statistics just released notes the highest daily double here this meet was \$253 when 4 and 1 won July 2.

Two marks fell during the past week, including one track record. When Harold Dancer won aboard Jesse Colby in 2:05 on July 4th it was the fastest Trot time ever at Monticello. Fastest Pace of the season was recorded June 8th when Jose-dale Hasty Hal won in the feature in 2:04.

For those who enjoy playing favorites, 59 per cent of the first choices finished in the money as did 55 per cent of the second choices.

Winningest post positions at Monticello this meet are the inside (30) and post position six (29).

Bye Bye Bird Gets Easy Win At Yonkers Track

By THE ASSOCIATED PRESS

The burden of great expectations is feather-light to Bye Bye Bird.

This 4-year-old, a 1-5 favorite with the crowd, whirled to victory Thursday in a 1:59.2-5 mile in the \$50,000 final of the Harness Tracks of America Spring Pacing series at Yonkers Raceway.

After letting Winnow lead in a :59.3-5 first half, Bye Bye Bird stepped to the front and crossed the finish line 2½ lengths ahead of O. F. Brady, the second choice. The winner, owned by Mr. and Mrs. Rex C. Larkin of Chicago and driven by Clint Hodgins, returned \$2.40 for \$2.52 Street was third in the 9-horse field of 4-year-olds.

The \$16,500 Goshen Cup was won by Muncy Hanover in 2:04 1-5, a stake and track record for 2-year-old pacers, at Historic Track in Goshen, Devon Goose won the first elimination heat in 2:05 1-5 and Muncy Hanover won the final heat in 2:05 3-5.

Boston Beau, off at 60-1 at Buffalo Raceway, won his first start in Class A competition and paid his backers \$124.10. The pacer led all the way and finished the mile in 2:07 2-3, 1½ lengths ahead of Raven's Flash. He was owned by Myron Nixon of Lebanon, Ohio. Royal Deluxe was third.

Mighty Edward waged a hard-fought duel with his brother, Mighty Macdee before winning a division of the \$3,000 Middleburg Pace by a head at Saratoga Raceway. His time was 2:02 4-5 and he paid \$9.50.

Bache Rosecroft captured the featured Class C pace at Monticello Raceway in a photo finish with Eli's Son to pay \$31.80. His time for the mile was 2:07 3-5. Frisky Brook was third.

Slipping through on the rail, Half Song edged The Falcon who had led from the gate and won the featured \$2,000 21 class trot at Vernon Downs. Pride's Crossing was third. The winner's time was 2:05 and he returned \$3.50.

Glenrie Club Bridge Winners

First place teams in the fractional point game of the Glenrie Club won with identical scores of 58 per cent. George Small of Kingston and John DiCostanzo of Lake Katrine took honors on the North-South side. Paul Mezer and Morton Honig led the East-West side in the 24-board Mitchell movement.

A tie for second place on the North-South side involved the teams of Roy Wulff-James Devoreaux of Kingston and William Potocko of Sougeties and Robert Suda of Ulster Park, with 56 per cent.

Mr. and Mrs. Thomas Brooks of Hyde Park, one of the streakiest combinations in the tourna-

ment, paced second on the East-West side with 55 per cent. Dr. and Mrs. Harry McNamara of Kingston were third with 54 per cent.

The Glenrie Club plays its next fractional game Tuesday at the Ridgeley Casino in Stone Ridge at 8 p. m.

The Hudson Valley Contract Bridge Association will stage its bi-monthly winners game in the Texaco Laboratories in Beacon on Sunday at 6:30 p. m.

Myer on Oglethorpe

William C. Myer, engineer third class, USN, son of Mr. and Mrs. Cyrilus J. Myer of West Camp, serving aboard the attack cargo ship USS Oglethorpe, is scheduled to visit Milwaukee, Wis., July 8-9 as part of Operation "Inland Seas," a vast naval exercise to celebrate the opening of the St. Lawrence Seaway this summer.

Hickey in Training

Cadet John F. Hickey, 23, son of Mrs. Catherine Hickey, Route 3, Kingston, is receiving six weeks of training at the Reserve Officer Training Corps summer camp at Fort Sill, Okla. The training is scheduled to be completed July 31. A 1953 graduate of Kingston High School, Hickey is a student at St. Bernard College of Siena.

Aboard Landing Ship

Robert G. Craig, machinist's mate third class, USN, of 228 South Wall Street, Kingston, serving aboard the dock landing ship USS San Marcos, is scheduled to visit Milwaukee, Wis., July 8-9 as part of Operation "Inland Seas," a vast naval exercise to celebrate the opening of the St. Lawrence Seaway this summer.

Ships of this group, forming Amphibious Unit Two, will also visit Toledo, Ohio, July 15-18; Cleveland, Ohio, July 18-20; Erie, Pa., July 20-27; and Rochester, N. Y., July 24-27. These visits will be made by the ships as a complete unit or individually.

Not since 1813 have American Navy ships sailed the Great Lakes in force. This operation, involving 28 ships and over 6,000 sailors and marines, will introduce the Midwest to the seagoing U. S. Navy, its destroyers, amphibious force ships and the heavy cruiser USS Macon.

A recent graduate of 28 weeks training at Electronics Technician School, Class A, at Naval Base, Great Lakes, Ill., Helmer was selected for advanced training at ET "C" school, specializing in the SPS-29 radar. He graduated from "C" school on June 26, Class Standing third in a class of nine.

ETRSN Helmer will report to the USS Davis (DD937) at Newport, R. I. on July 28.

Receives Training

Cadet Martin Buchholz, 20, son of Mr. and Mrs. Isidor Buchholz, 34 Market Street, Ellenville, is receiving six weeks of training at the Reserve Officer Training Corps summer camp at Fort Belvoir, Va. The training is scheduled to be completed Aug. 1.

Buchholz is a 1956 graduate of Ellenville Central High School and is attending Clarkson College of Technology in Potsdam, where he is a member of Eta Kappa Nu fraternity.

Arrived in Germany

A Kingston serviceman Pvt. Frank T. Klonowski, son of Mr. and Mrs. Frank S. Klonowski of 25 Post Street, indicated in the army last July, recently arrived in Germany. He graduated from St. Mary's School and served three years in the First Howitzer Battalion, 156th Artillery, the former 156th Field Artillery Battalion. Before entering the service he was employed at Callanan Road Improvement Co., Connelly.

peared in good spirits and, contrary to some reports, didn't look like a dying man. Long stayed in the car during his 45-minute stopover at Krotz Springs. He chatted with Diesel, State Sen. B. B. Rayburn of Bogalusa and J. J. Artell, president of the Red River and Atchafalaya Levee District. Long laughed and joked quite a bit, Lane said.

Most of Trip by Air

Rayburn said he expected the governor to take off today on the tour that may reach into Mexico and Canada.

Long's aides did not reveal the exact itinerary. There were indications he would drive to Shreveport today and leave from there for Austin or Fort Worth, Tex. The tour is expected to include Tucson or Phoenix, Ariz., Los Angeles, San Francisco, Death Valley, Portland, Seattle, Canada, the Dakotas and back home by way of St. Louis.

Long probably will make most of the trip by air.

The governor still apparently plans to call a special legislative session when he returns. Either Aug. 4 or 10 is considered the likely date for the opening of the session.

Meanwhile, the public has no way of knowing just how sick Long is.

Rep. Lloyd Teekell, whom Long vainly supported for Congress last year, visited the governor at the mansion Thursday.

Disagree on Condition

Teekell described Long as a very sick man who is growing weaker. But the state legislator emphasized he spoke as a layman. He said professional ethics limited the doctors in their reports to the public on Long's condition.

A. A. Fredericks, the governor's executive secretary, and Dr. Robert Heath of Tulane University, one of the top men on the team of doctors that has been checking the governor, disagreed on Long's condition.

Fredericks said Long was so improved the doctors had left him unattended. Heath denied this and said the doctors were sticking by their statement of Wednesday that Long was showing signs of fatigue.

Yacht Springs New Leak

DARWIN, Australia (AP)—John Calvert's yacht Sea Fox sprang a new leak today and the Hollywood actor-magician appealed to the Australian Air Force to drop him another bilge pump.

The Navy tug EMU escorting the Sea Fox in the Arafura Sea north of Australia radioed the Sea Fox was apparently leaking faster than her pump could handle.

Calvert ran into trouble a week ago after setting out from Darwin for Sydney with seven other persons aboard, including two women. He reported a bad leak, engine trouble and a broken bilge pump.

Christmas in July

FARGO, N.D. (AP)—The two main streets here are all decked out with Christmas decorations. The Chamber of Commerce wants the merchants to look over the new decorations before the chamber buys them.

ACCIDENT & HEALTH OPENINGS
\$500—\$1500 CALIBER
Due to High Medical & Hospital costs there is an immediate need for our Health & Medical Plan.

We are an old established New York firm in the midst of an expansion program; opening offices in New York (17 in the past 4 months, 41 still to be opened). Get in on the ground floor and grow with us. We need representatives, branch & district managers. Free appointments. Complete line of hospitalization and medical plans sold only by appointment. Salary, commission, bonus and over ride. No canvassing, collections or book work. This phase of selling is the fastest growing and most lucrative the insurance field today. If you do not have an A.H.I. license, we hold a free schooling program. Afternoon or evenings (which would not interfere with your present job). Our offer is so good that you can retain your present job until you are convinced. See Mr. Fine, Saturday, July 11th & Sun, July 12th 1-5 p.m. at Poughkeepsie Motor Hotel, 418 South Road, Poughkeepsie, GLOBE 2-5433.

Eastern New York — Temperatures will range from about seasonal levels to around 2 or 3 degrees below. No major trends indicated. Some likelihood of scattered showers over the weekend and early next week occurring mostly in the late afternoon or evening. Total rainfall about a half inch or more in most sections.

Western New York—Cooler relatively dry summer weather is expected with temperatures averaging a few degrees below normal. About one-quarter of an inch or less of precipitation is likely occurring as scattered showers or thundershowers Saturday.

Temperature Normals — Normal temperatures over Upstate New York now range from overnight lows in the upper 50s and lower 60s. Daytime temperatures in the upper 70s and low 80s.

Rains From Cindy Are Tapering Off

By THE ASSOCIATED PRESS

The remnants of tropical storm Cindy continued to pick up showers and thundershowers in the central Carolinas and Virginia today. There were a few other wet spots but clear skies were the rule in the major part of the country. The rains tapered off in the Carolinas after some heavy falls. Rainfall in the Columbia, S.C., area measured some 14 inches. Afternoon thundershowers were indicated in the southern Rockies, southern Plateau region, the upper Mississippi Valley and parts of the upper Great Lakes. Rain was in prospect later in the day and tonight in New England.

But fair weather was on tap from California northward to Oregon and Washington eastward across the northern and central Rockies, into the central plains, the middle Mississippi Valley and into most of the Great Lakes region and the Ohio Valley. The high at Albany, N.Y., was 91.

It was a little warmer in most

sections.

Temperatures soared into the 90s Thursday in the warm and humid air from the Gulf states into New England. The high at Albany, N.Y., was 91.

Council Complains

State Gave Chio Firm Contract: \$15 Under Bid in N. Y.

UTICA, N. Y. (AP)—A labor organization is complaining that the state gave an \$18,900 contract to an Ohio firm although the bid of a New York State company was only \$15 higher.

The Allied Printing Trades Council said Thursday in a resolution adopted at its 63rd annual meeting that the state should give New York firms preference in awarding contracts.

The council is made up of labor unions representing mechanical employees of newspapers, magazines, job-printing shops and other printing operations.

The organization said the contract to the Ohio firm was for printing a paltry \$15, the taxpaying printers of New York state were deprived of the job opportunities that contract would afford them," the resolution declared.

Two hundred delegates attended the convention which ended today.

A second resolution urged that the Senate Rackets Committee, which has been investigating corruption in the labor movement, turn its attention to management practices.

The council recommended specifically that the committee investigate the Macy Newspapers in Westchester County. The International Typographical Union, a member of the council, has charged that the Macy chain imported strikebreakers during a dispute with the I.T.U.

Joseph Hellman was elected president of the council to succeed Edward Dillon. Both are from New York City. Julius Loos of Rochester was named secretary-treasurer and Maurice Quincy of Binghamton was elected organizer to succeed Loos.

OFFICIALLY INVITED to attend a fund-raising fair July 16 through 19 at Stewart Air Force Base, Newburgh, Mayor Edwin F. Radel yesterday received the bid from T-Sgt. Richard C. Lambert, local Air Force recruiting officer. The fair to be held in a large tent at the base will raise money for the Airmen's Welfare Activities for which government funds are not provided, such as church, sports and general recreation. Billed as a "Festival of Fun" it will have a county fair atmosphere with a roller coaster, ferris wheel and other rides. Air Force equipment will be displayed and there will be aerial and other military demonstrations. The base is just off the Thruway at the Newburgh exit. (Freeman photo)

Korea Flood Toll 56

SEOUL, Korea (AP) — National police reported 56 dead and 7,000 homeless today in floods caused by a week of heavy rain. A special relief committee was set up by the cabinet.

The level of Han River, which cuts through the Seoul area, dropped somewhat but police guards were still posted along the banks. A U.S. Army spokesman said there has been no flood damage to American military installations.
